MANAGEMENT INFORMATION CIRCULAR

Notice of Annual Meeting of Shareholders
and Management Information Circular
May 15, 2020

Your vote is important. This document tells you who can vote,
what you will be voting on and how to vote.

TSX.EQB | EQB.PR.C

Dear Shareholder,

On behalf of the Board of Directors, management and employees of Equitable Group Inc. (Equitable), we are pleased to invite you to participate in Equitable's annual meeting of shareholders which will take place on Friday, May 15, 2020 at 10:00 a.m. (Eastern) in a virtual-only format.

As part of our corporate social responsibility and our preparedness plans in response to Covid-19, we believe holding a virtual meeting is in the best interests of all stakeholders. As a shareholder, you have the right to participate in and vote your shares at the meeting.

At the meeting, we will review our financial position, business operations and the value we are delivering to shareholders. We also look forward to responding to your questions, which the virtual meeting will allow.

The Board's goal remains to deliver long-term value for Equitable's shareholders and fulfill our responsibilities to our broader group of stakeholders. We pay particular attention to long-term strategy and value creation, risk oversight, governance practices, and management succession – areas we see as fundamental to Equitable's sustainability and future success. Our intention is to continue investing for long-term advantage and value creation despite current market conditions.

The attached management information circular provides information about the business of the meeting, the voting process, this year's director nominees, our corporate governance practices, our approach to executive compensation, and our 2019 compensation decisions.

Please take the time to vote

As a shareholder, you have the right to vote your shares on all items that come before the meeting. Your vote is important and we facilitate voting by enabling you to vote by proxy at any time prior to the meeting. We encourage you to do so and have arranged for voting on the Internet, by phone or by mail. You can also vote by attending the virtual meeting. Please refer to the instructions in the management information circular.

Thank you for your continuing support and we look forward to your attendance at this year's meeting.

Sincerely,

A handwritten signature in black ink, appearing to read "D. LeGresley", written in a cursive style.

David LeGresley
Chair, Board of Directors

Notice of 2020 Annual Meeting of Shareholders

When

Friday, May 15, 2020
10:00 a.m. (Eastern)

Where

VIRTUAL only MEETING
via live audio webcast online at
<https://web.lumiagm.com/225652488>

For the purposes of

1. receiving Equitable's 2019 consolidated financial statements and the auditors' report on the statements;
2. electing the directors for the ensuing year;
3. appointing KPMG LLP as auditors for the ensuing year and authorizing the directors to fix their remuneration;
4. considering any other business that may properly come before the meeting, and any adjournment thereof.

Only shareholders of record at the close of business on March 24, 2020 will be able to vote at the meeting.

This year, out of an abundance of caution to proactively deal with the unprecedented public health impact of the COVID-19 outbreak, and in order to comply with the measures imposed by the federal and provincial governments, Equitable is holding the meeting in a virtual-only format conducted by a live audio webcast. Registered shareholders and duly appointed proxyholders will have the opportunity to attend the meeting online, submit questions, and vote in real time provided they are connected to the Internet at all times and follow the instructions in the accompanying management information circular (circular). Non-registered (or beneficial) shareholders who have not appointed themselves as proxyholder will be able to attend the meeting as guests, but will not be able to vote or ask questions. Shareholders will not be able to attend the meeting in person. See the section on How to Vote – At the virtual meeting on page 5 of the circular for detailed instructions.

Notice-and-Access

Equitable is using the "notice-and-access" rules adopted by Canadian securities regulators in an effort to be more environmentally friendly and reduce printing and mailing costs. Instead of receiving the notice of meeting, the circular and annual consolidated financial statements (meeting materials) by mail, registered and beneficial shareholders received a Notice of Availability of Proxy Materials for the meeting with instructions for accessing the meeting materials online and for requesting paper copies. Shareholders also received the form of proxy or voting instruction form permitting them to exercise their voting rights using the various voting methods provided. The meeting materials can be viewed online at EnVision (www.envisionreports.com/EQB2020), on our website (www.equitablebank.ca) and on SEDAR (www.sedar.com).

Your vote is important

As a shareholder, it is very important that you read the circular carefully and then vote your shares. We recommend you vote by proxy using the various voting methods provided to ensure your vote is received prior to the meeting. Detailed voting instructions for registered and beneficial shareholders begin on page 5 of the circular. Your vote must be received by our transfer agent, Computershare Investor Services Inc., by 10:00 a.m. (Eastern Time) on May 13, 2020.

By order of the Board of Directors,

Michael Mignardi
Vice-President and General Counsel

March 31, 2020

Management Information Circular

This management information circular (circular) is furnished in connection with the solicitation of proxies by management of Equitable for use at Equitable Group Inc.'s annual meeting of shareholders to be held on May 15, 2020 at 10:00 a.m. (Eastern), or at any adjournment thereof, for the purposes set forth in the accompanying Notice of 2020 Annual Meeting of Shareholders. Each shareholder who is entitled to attend and vote at the meeting is encouraged to participate in the meeting, and is also urged to vote by proxy. The meeting will be held as a completely virtual meeting, which will be conducted via live audio webcast. Shareholders will not be able to attend the meeting in person. The information shareholders will need to attend the virtual meeting is provided in this circular.

All information in this management information circular is as at March 31, 2020, unless indicated otherwise.

Voting Information

Notice and Access

Again this year, in compliance with Canadian securities regulators rules, Equitable is using the notice-and-access procedures for the delivery of the circular issued by Equitable's management in connection with the solicitation of proxies, to be held at the time and place and for the purposes indicated in the Notice of Meeting.

Therefore, instead of receiving the circular and annual financial statements by mail, registered and beneficial shareholders who hold EGI common shares on March 24, 2020, the record date for the meeting, have access to the circular online at EnVision (www.envisionreports.com/EQB2020), on our website (www.equitablebank.ca) and on SEDAR (www.sedar.com).

Shareholders will still receive by mail, along with the Notice of Availability of Proxy Materials, a form of proxy or voting instruction form permitting them to exercise their voting rights using the various voting methods provided (internet, telephone, mail). If you would like to receive a paper copy of our circular and annual financial statements, please follow the instructions below.

Notice and Access allows for faster access to the circular, helps reduce high printing and postage costs and demonstrates environmental responsibility by decreasing the large volume of paper documents generated by printing the meeting materials.

Equitable has not adopted a stratification procedure in relation to the use of the Notice and Access provision.

How to obtain a paper copy of the meeting materials

Shareholders may request to receive paper copies of the meeting materials by mail at no cost for up to one year from the date the circular was filed on SEDAR. Requests for paper copies may be made using your Control Number as it appears on your enclosed form of proxy or voting instruction form. Please note that if you do request a paper copy, you will not receive another form of proxy or voting instruction form, so you should keep the original form sent to you in order to vote.

To request a paper copy before the meeting date, please follow the instructions below. A paper copy will be sent to you within three business days of receiving your request.

Shareholders with a 15 digit control number

Toll Free, within North America: 1-866-962-0498
Outside of North America: (514) 982-8716

Enter your Control Number as indicated on your voting instruction form or form of proxy.

Shareholders with a 16 digit control number

Toll Free, within North America: 1-877-907-7643
Outside of North America: (905) 507-5450

Enter your Control Number as indicated on your voting instruction form.

To obtain paper copies of the meeting materials after the meeting date, please contact 1-866-407-0004. The meeting materials will be sent to you within 10 calendar days of receiving your request.

To ensure you receive the meeting materials in advance of the voting deadline and meeting date, all requests must be received no later than **April 30, 2020**.

You are also encouraged to use electronic delivery (e-delivery) to receive Equitable's other continuous disclosure documents, including the annual financial statements and interim reports. You will be notified by email when a new document is made available, at which time it can be accessed on our website.

The process to sign up is as follows:

Beneficial shareholders	Registered shareholders
Go to www.proxyvote.com using the control number found on your voting instruction form and follow the instructions.	Go to www.investorcentre.com , enter your Holder Account Number from your form of proxy and click on "Sign up for eDelivery".

Who is soliciting my proxy

Proxies will be solicited by Equitable management by electronic mail, by telephone or in person. We pay all costs for soliciting proxies.

Who can vote

The Board has fixed the record date for the 2020 annual meeting of shareholders at the close of business on March 24, 2020. If you held shares on that date, you are entitled to receive notice of and vote those shares at the virtual meeting.

Designating a proxyholder to represent you at the virtual meeting

You may appoint a proxyholder to represent you at the meeting and to exercise your voting rights there.

The proxyholders designated on the form of proxy or voting instruction form are Management nominees. If you wish to appoint as your proxyholder someone else, you may do so by striking out the names appearing thereon and inserting such other person's name in the blank space provided, and follow the instructions for submitting your form of proxy or voting instruction form.

You must also register the proxyholder with Computershare after submitting your voting instruction form according to the instructions provided. Registering your proxyholder is an additional step once you have submitted your form or proxy or voting instruction form. To register a proxyholder, shareholders must visit <https://www.computershare.com/EQGQ> and provide Computershare with the proxyholder's contact information by 10:00 a.m. on May 13, 2020, so that Computershare may provide the proxyholder with a username via email after the proxy voting deadline has passed. **Failure to register the proxyholder will result in the proxyholder not receiving the control number from Computershare that is required in order to participate and vote at the meeting.**

If the registered or beneficial shareholder is a business corporation or a corporate entity, the form of proxy or voting instruction form must be signed by a duly authorized officer or agent of the registered or beneficial shareholder. Your proxyholder does not have to be a shareholder of Equitable.

How your shares will be voted

On the form of proxy or voting instruction form you can indicate how you want your shares voted, or you can let your proxyholder decide for you. Your proxyholder must vote according to your voting instructions. If you have not specified your voting instructions on a particular matter, then your proxyholder can vote your shares as he or she sees fit on such matter.

Unless you provide contrary instructions and you have appointed Management designees, David LeGresley and Andrew Moor, as your proxy, they will vote your shares as follows:

- **FOR** the election of our director nominees; and
- **FOR** the appointment of KPMG LLP as our independent auditors.

If there are any amendments to the items of business in this circular or other items of business properly come before the meeting, your proxyholder will decide how to vote them.

As at the date of this circular, we are not aware of any variation, amendment or other matter that will be brought before the meeting.

How to vote

How you vote depends on whether you are a registered or non-registered shareholder:

Beneficial (non-registered) Shareholder

You are a **beneficial** shareholder if your shares are registered in the name of an intermediary such as a bank, trust company, investment dealer, clearing agency, or other institution. Most of our shareholders are non-registered holders.

Registered Shareholder

You are a **registered shareholder** if your shares are registered in your name.

Option 1 - By proxy (voting instruction form) before the meeting – *the easiest way to vote!*

Internet

Go to www.investorvote.com and follow the instructions.

Phone

Call 1-866-734-VOTE (8683) Toll Free and follow the instructions. You will need your Control Number located in the lower left corner of the proxy form.

Mail

Return the completed voting instruction form in the prepaid envelope provided.

If you vote by telephone or internet, do NOT complete or return the voting instruction form. **Your voting instructions must be entered by 10:00 a.m. (Eastern) on Wednesday May 13, 2020.**

Most intermediaries allow you to send your instructions as noted above but each has their own process so make sure you follow the instructions on the form. Your intermediary must receive your instructions in enough time to act on them before the May 13, 2019 deadline.

Computershare must receive your proxy form or you must have voted by telephone or Internet **no later than 10:00 a.m. (Eastern) on Wednesday May 13, 2020.**

Option 2 - At our Virtual Meeting

If you are a non-registered shareholder and wish to vote at the meeting, you must first appoint yourself as proxyholder by following the instructions under *Designating a proxyholder to represent you at the virtual meeting* on the preceding page. You will receive a 15-digit control number by email from Computershare, which is your user name to participate in the meeting.

1. Log in at <https://web.lumiagm.com/225652488> at least 15 minutes before the meeting starts
2. Click on "I have a login"
3. Enter your 15-digit control number (which is your user name) and the password: **equitable2020** (case sensitive)

Non-registered shareholders who do not appoint themselves as proxyholder will not be able to vote during the meeting but will be able to participate as a guest. This is because Equitable and Computershare do not have a record of Equitable's non-registered shareholders and, as a result, will have no knowledge of your

How do I change my vote?

If you are a registered shareholder and have voted by proxy, you may revoke your proxy by providing new voting instructions on a proxy form with a later date, or at a later time if you are voting by telephone or on the internet. Any new instructions, however, will only take effect if received by Computershare **no later than 10:00 a.m. (Eastern) on Wednesday, May 13, 2020**, or if the meeting is adjourned or postponed, by 10:00 a.m. on the second-last business day before the date of the reconvened meeting.

You may also revoke your proxy and vote in person at the meeting, or at any adjournment thereof, by delivering a notice to this effect signed by you or your authorized attorney to Computershare at any time up to 10:00 a.m. (Eastern) on Wednesday, May 15, 2020.

If you are a non-registered shareholder, you may revoke your proxy or voting instructions by contacting your intermediary.

If you have followed the process for attending and voting at the meeting online, voting at the meeting online will revoke your previous proxy.

Is my vote by proxy confidential?

Computershare counts and tabulates the votes to maintain confidentiality. They will only refer proxies to us when it is clear that a shareholder wants to communicate with the Board or management, the validity of the form is in question, or the law requires it.

How can I vote if I hold Employee shares?

If you are an Equitable employee and hold shares purchased through the Employee Share Purchase Plan, you will have received a voting instruction form in your Notice Package. Please follow the instructions provided for non-registered shareholders on the previous pages.

Questions?

If you have any questions regarding the meeting, please contact Computershare by telephone at 1-800-564-6253 or by email at service@computershare.com.

Quorum

We need to have at least two people present at the meeting who hold, or represent by proxy, at least 25% of the issued and outstanding shares entitled to be voted at the meeting.

Outstanding shares

As at March 24, 2020, 16,807,317 EGI common shares were issued and outstanding. Each share carries the right to one vote.

Principal Holders of Voting Shares

To the knowledge of Equitable, as at March 24, 2020, no person or company beneficially owned, directly or indirectly, or exercised control or direction over, 10% or more of those common shares except as set out below:

	Number of common shares	Percentage of outstanding common shares
Stephen Smith ¹	3,224,100	19.18%
Oakwest Corporation Limited ²	1,800,000	10.71%

1. Stephen Smith indirectly owns, or exercises control or direction over these shares through his private holding company, First National Securities Corporation. These shares were acquired for investment purposes.
2. Eric Beutel, a director of Equitable, beneficially owns, or exercises control or direction over these shares as an officer and a director of Oakwest. These shares were acquired by Oakwest in the ordinary course of business and not with the purpose of influencing or changing the control of EGI.

Additional Information

Cease Trade Orders and Bankruptcies

To our knowledge, no nominee director of Equitable is, as of the date of this circular, or has been within the last 10 years:

- (a) a director, chief executive officer (“CEO”) or chief financial officer (“CFO”) of any company that was subject to a cease trade or similar order or an order that denied the company access to any exemption under securities legislation, for a period of 30 consecutive days that was issued:
 - (i) while the proposed director was acting in the capacity as a director, CEO or CFO;
 - (ii) after the proposed director ceased to be a director, CEO or CFO and which resulted from an event that occurred while that person was acting in the capacity as director, CEO or CFO;
- (b) a director or executive officer of any company, including Equitable, that while acting in that capacity or within a year of ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (c) become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Penalties or Sanctions

Furthermore, to the knowledge of Equitable, after due inquiry, no nominee director has been subject to: (a) any penalties or sanctions imposed by a court relating to Canadian securities legislation or by a Canadian securities regulatory authority or has entered into a settlement agreement with a Canadian securities regulatory authority; or (b) any other penalties or sanctions imposed by a court or a regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a nominee director.

BUSINESS OF THE MEETING

Consolidated Financial Statements

Our audited consolidated financial statements for the year ended December 31, 2019 and the report of the auditors thereon will be presented at the meeting. We mailed these financial statements to those registered and beneficial shareholders who requested to receive a copy. You will also find these financial statements on SEDAR (www.sedar.com), on Envision (www.envisionreports.com/EQGQ2020), and on our website (www.equitablebank.ca).

Election of Directors

The Board has fixed the number of directors at ten in accordance with the by-laws. At the meeting we will ask you to vote for the election of ten directors to serve on our Board until the close of the next annual meeting or until their successors are elected or appointed. All nominees were elected at last year's annual meeting.

You can read more about the nominated directors beginning on page 11.

Majority Voting for Directors

Our majority vote policy, which can be found on our website, requires any nominated director who is not elected by at least a majority of votes cast (50% plus 1 vote) to tender his or her resignation to the Chair of the Board immediately following the meeting. Absent exceptional circumstances, the Board will accept the offer of resignation. There are very limited circumstances under which the Governance and Nominating Committee can, however, recommend retaining the director provided that active steps are taken to resolve the circumstances in the following year. The director offering to resign will not participate in the discussion. The Board shall issue, within 90 days of receiving the final voting results, a press release announcing the resignation of the director in question or its rationale for not accepting the resignation.

This policy applies only to uncontested elections (elections where the number of nominated directors is the same as the number of directors to be elected).

Shareholders should note that, as a result of this policy, a “withhold” vote is effectively the same as a vote against a director nominee in an uncontested election.

Appointment of Auditors

KPMG LLP (KPMG) has been our independent auditors since 2004.

In early 2020, the Audit Committee assessed the performance, service quality and independence of the audit engagement team using a framework recommended by the Chartered Professional Accountants of Canada and the Canadian Public Accountability Board. Based on the satisfactory results of the assessment, the Audit Committee and the Board recommend that KPMG be reappointed as our independent auditors and authorize the directors to fix the auditors' remuneration for the ensuing year.

The resolution for the appointment of the auditors must be adopted by a majority of the votes cast by the holders of common shares or represented by proxy and entitled to vote at the meeting.

Last year, 99.93% of shareholders voted *for* KPMG as our auditors.

Summary of billings and services provided by the independent auditors for 2019 and 2018

Fees billed for services provided by KPMG for the years ended December 31, 2019 and December 31, 2018 are listed in the table below. The Audit Committee pre-approves all audit and permitted non-audit services (including the fees and conditions) as permitted within the scope of the policies and procedures approved by the Committee.

Category	2019 ¹	2018 ¹
Audit Fees	\$560,999	\$516,850
Audit-related Fees	\$83,000	\$90,000
Tax Fees	\$65,198	\$51,875
Other Fees	-	109,850
Total	\$709,197	\$768,575

¹ Amounts exclude HST, CPAB fees, and disbursements

Audit Fees

Audit fees include amounts paid or accrued for professional services rendered by the auditors in connection with the audit of Equitable's annual consolidated financial statements, the review of Equitable's interim financial statements, and accounting advisory services related to the audited financial statements.

The increase of \$45,402 in 2019 from 2018 is due to the expanded scope of the audit as a result of consolidating Bennington Financial Corp. which was acquired on January 1, 2019.

Audit-related Fees

Audit-related fees of \$83,000 paid in 2019 and \$90,000 paid in 2018 relate to specified procedures reports to support Equitable's participation in CMHC sponsored securitization programs.

Tax Fees

Tax fees for professional services primarily related to the review of Equitable's corporate tax returns and commodity tax return.

Other Fees

Other fees in 2018 include amounts of \$100,000 paid in connection with a review of Equitable's mortgage lending processes and \$9,850 related to its acquisition activities. No Other Fees were paid in 2019.

About the nominated Directors

At the meeting, there are ten (10) directors proposed for election to the Board to serve until the next annual meeting of shareholders, or until their successors are duly elected or appointed.

Nine of the ten directors are independent. Andrew Moor is not independent, as he is Equitable’s President and CEO.

7. Kishore Kapoor and Rowan Saunders were each unable to attend one board meeting. Both Messrs. Saunders and Kapoor reviewed the material for this meeting, which was made available for reviewing in advance of the meeting on the Board portal, and provided their commentary on and perspectives regarding the material directly to the CEO.
8. In 2018, the Board formed a Special Committee consisting of Ms. Sera and Messrs. LeGresley, Emory and Kapoor to consider Equitable's strategic direction and other related matters. The Committee was dissolved on April 4, 2019.
9. Mr. Beutel did not attend one meeting each of the Audit Committee and Risk & Capital Committee, 5 meetings of the Credit Risk Sub-Committee, and two Board meetings for appropriate and unforeseen reasons.

Meeting Attendance

The Chair of the Board, in consultation with the CEO and Corporate Secretary, establish a schedule of meetings of the Board and its Committees each year. Meeting dates are established sufficiently in advance where possible (at least one year and longer, if practical) to minimize conflict with other commitments on Directors' schedules. The Board holds at least seven meetings per year, two of which are dedicated to strategy.

Directors are expected to attend all regularly scheduled meetings of the Board and its Committees, except where personal circumstances beyond the Director's control prevent the Director from doing so. Directors are also required to attend at least 75% of the combined total of Board and Committee meetings and to attend Equitable's annual meeting of shareholders.

The Risk and Capital Committee oversees the Credit Risk Sub-Committee ("CRSC"). The CRSC met 26 times in 2019. These meetings are generally convened with two to three days' notice for the purpose of adjudicating credit applications that exceed management authority.

In late 2018, the Board established a Special Committee to consider and evaluate Equitable's strategic direction and other related matters. The Special Committee met five times in 2019 prior to its dissolution on April 4, 2019.

The table below shows the number of Board and Committee meetings held in 2019.

Director Compensation

Our Director compensation program is designed to:

- provide an appropriate level of compensation to attract highly qualified individuals with the desired competencies, experience and attributes, and the ability to meet the demanding responsibilities and time required of Board members
- provide a significant portion of compensation in equity (DSUs) to align Directors' interests with the interests of our shareholders

The Governance and Nominating Committee is responsible for reviewing and making recommendations with respect to non-executive Director compensation. The Committee benchmarks Director compensation every two years to ensure that it remains competitive and appropriate given the risks, time commitment, increasing intensity of regulatory oversight, workload and complexity of decision-making required of the Board.

Compensation Structure

The compensation structure for non-executive Directors consists of annual retainers and an annual equity grant provided in the form of DSUs. A DSU is a notional unit that has the same value as an EGI common share. DSUs are not payable until a Director retires from the Board and because they have the same upside potential and downside risk as common shares, they serve to align the interests of our Directors and shareholders. The companies used for benchmarking consist of the same companies used for benchmarking executive compensation as well as a broader industry group of public companies of comparable size in different industries.

The annual Director's retainer for non-executive Directors is for serving on the Boards of both EGI and its wholly-owned subsidiary, Equitable Bank. The annual Director's retainer also includes serving as a member of two Board Committees, excluding serving as the Chair of the Committee. The Chair of the Board receives a separate all-inclusive annual retainer. Additional retainers are paid to Committee Chairs to recognize their additional responsibilities, to members of the Credit Risk Sub-Committee in consideration of the number of meeting held in a year, and to any Director who may serve on a special committee. Equitable believes this simple flat fee structure is easy to understand and more reflective of the continuous nature of our Directors' contributions through the year.

The Governance and Nominating Committee has the authority to retain consultants, including compensation consultants and advisors, as they may determine necessary or advisable to carry out its responsibilities.

Program Elements

The table below shows our fee schedule for 2019. All non-executive Directors, including the Chair, receive half of their annual retainer in DSUs and may elect to receive the cash portion of their annual retainer(s) in the form of DSUs.

Based on a benchmarking review of the Board Chair retainer that was undertaken by the Governance and Nominating Committee in November 2018, it was determined that the retainer continued to be below the median of both the peer and reference group. The Committee recommended and the Board approved a \$20,000 increase in the annual Board Chair retainer to \$220,000 to competitively position the retainer, which became effective following the annual and special meeting of shareholders in May 2019.

Mr. Moor does not receive fees for serving as a Director because he is compensated in his role as President and CEO.

In addition, Directors are reimbursed for travel and other expenses they incur to attend meetings or conduct company business.

	Before May 15, 2019 (\$)	After May 15, 2019 (\$)

1. Includes the retainer for serving as a member of the Credit Risk Sub-Committee.
2. As Chair of the Board, Mr. LeGresley's annual retainer increased from \$200,000 to \$220,000 effective May 15, 2019.
3. The Special Committee was established in late 2018 and was dissolved on April 4, 2019. The Board approved a retainer for members of the Special Committee, as follows: \$25,000 (all-inclusive) for the Special Committee Chair and \$10,000 for the members.

In November 2019, the Committee undertook its biennial benchmarking review of Director compensation against Equitable's comparator group and the reference group. No changes were recommended for 2020.

About DSUs

DSUs are notional units that have the same value as shares. DSUs vest immediately and accrue dividend equivalents when dividends are paid on common shares. DSUs are only redeemable after a Director leaves the Board and are payable in cash on an after-tax basis. The redemption value of a DSU equals the market value of a common share at the date of redemption. The cash payment at redemption is calculated by multiplying the number of DSUs by the then current market value of an EGI common share, pursuant to the terms of the DSU Plan. No redemption date may be later than December 15 of the calendar year following the calendar year in which the Director retired from the Board.

Upon joining the Board, new Directors will receive a pro-rated DSU grant based on the date they join the Board.

Director share ownership requirements

All non-executive Directors are required to own at least three times the annual Director retainer. The Chair of the Board's ownership requirement is measured based on his higher total retainer amount. Common shares and DSUs count towards share ownership requirements and are valued at the higher of the acquisition or grant value or market value. The Governance and Nominating Committee reviewed the adequacy of director share ownership at their meeting held on February 21, 2020 and confirmed that it remained appropriate.

The share ownership requirement for the CEO was increased to five times his base salary effective February 24, 2020. See page 64 for more detail.

Equitable Directors must meet the director share ownership requirement within five years of joining the Board or appointment as Chair of the Board.

All Directors have met the ownership requirement with the exception of Susan Ericksen. Ms. Ericksen joined the Board on November 8, 2018 and therefore has until November 8, 2023 to meet the requirement.

The actual number of shares and DSUs owned or controlled by each non-executive Director as at March 15, 2019 and March 15, 2020, as well as their total market value on those dates, can be found in Director Profiles on pages 11 to 15.

Director share-based awards

Below is a summary of share-based awards for each non-executive Director as at March 15, 2020. All share-based awards granted were vested on March 15, 2020. Information regarding share-based awards for Andrew Moor can be found on page 65.

	Number of DSUs that have vested ¹ (#)	Market value of DSUs not paid out or distributed as at March 15, 2020 ² (\$)	Value granted on May 22, 2019 (\$)
Eric Beutel	10,055	756,739	50,000
Michael Emory	3,952	297,428	50,000
Susan Ericksen	2,743	138,704	50,000

Michael Stramaglia	4,056	305,255	50,000

1. Includes dividend equivalents credited to each Director's account from the date of grant to March 15, 2020.

2. The closing price of EGI's common shares on the TSX on March 13, 2020 was \$75.26.

Corporate governance practices

We are committed to high standards of corporate governance as we believe it improves corporate performance, benefits all stakeholders, and helps to ensure Equitable's long-term sustainability.

Our Board sets the tone at the top, promoting a strong culture of integrity and ethical behaviour throughout the organization. Our governance policies and practices are consistent with the requirements of authorities that regulate Equitable, including OSFI, the Canadian Securities Administrators and the TSX.

WHAT WE DO

- ✓ Separate Chair and CEO positions
- ✓ Fully independent Board Committees
- ✓ *In camera* sessions at each Board and Committee meeting
- ✓ Majority voting policy for the election of Directors
- ✓ All Directors required to certify compliance with our Code of Conduct annually
- ✓ Directors elected annually and individually
- ✓ Director retirement age
- ✓ Clawback policy for senior executives
- ✓ Share ownership requirements for Directors
- ✓ Directors cannot hedge their Equitable securities
- ✓ 33% of the Board's independent members are women, and a diversity policy requiring a minimum of 30% of each gender representing the Board's independent members
- ✓ Financial and risk management experience on every Board Committee
- ✓ Formal Board evaluation annually
- ✓ Board skills matrix used for Director recruitment and succession planning
- ✓ Meeting attendance requirements for Directors

WHAT WE DON'T DO

- ✓ No slate voting – Directors are individually elected
- ✓ No monetization or hedging

Our governance structure

Below are the fundamental relationships among the Board, Board Committees, management, shareholders and other stakeholders. Formal mandates are approved for the Board, each Committee, the Chair of the Board, Committee Chairs, and the control functions. These mandates set out the key responsibilities and accountabilities for each role, Committee and function.

Board Independence

The independence of our Directors is determined annually by the Board on the recommendation of the Governance and Nominating Committee. The Board has adopted a director independence policy which incorporates the definition of “independence” from the CSA rules. Our director independence policy is included in our Corporate Governance Guidelines which can be found in the corporate governance section of our website.

A Director will be considered independent if he or she has no direct or indirect material relationship with Equitable, our independent auditors or our executives. The information required to make this determination is collected from sources such as:

- Director responses to an annual detailed questionnaire
- Director biographical information questionnaires
- internal records and reports on relationships between Directors, entities affiliated with Directors and Equitable
- any material interest declared by a Director in matters that may come before the Board.

The Board has affirmatively determined that nine of the ten Directors standing for election are independent.

Other independence mechanisms

The Board has established other important governance policies and practices to enhance Board independence.

Independent advisors	Pursuant to their mandates, the Board and each of its Committees may engage their own independent advisors.
Access to management	All independent Directors have unrestricted access to management and employees of Equitable
In Camera sessions	The Board and each of its Committees set aside time for <i>in camera</i> sessions at each of their meetings to facilitate open and candid discussion among non-executive Directors without management present. <i>In camera</i> sessions of the non-executive Directors are held before and/or after every regularly scheduled meeting. <i>In camera</i> sessions of the Board are presided over by the Chair of the Board. <i>In camera</i> sessions of the Board Committees are presided over by the independent Committee Chairs.

Board interlocks and service on other boards

The Board has an interlock policy in place which states that no more than two of our Directors should serve on the same company board unless otherwise agreed to by the Board.

The Governance and Nominating Committee reviews external board and committee memberships of all Directors as part of its annual evaluation of director independence. Currently, there is one interlocking board membership among Equitable's Directors:

Director	Company
Rowan Saunders ¹	Economical Mutual Insurance Company
Michael Stramaglia	

1. Rowan Saunders is President and CEO of Economical Mutual Insurance Company.

The Governance and Nominating Committee has considered this interlock and determined that it does not impair the ability of either Director to exercise independent judgment as members of Equitable's Board.

While there is no fixed limit on the number of boards on which a Director may serve, the position description for our Directors approved by the Board provides that each Director should ensure that they are able to devote sufficient time and energy to carry out their duties effectively. As a guideline, CEO Directors should serve on no more than two public company boards, including their own, and non-CEO Directors should serve on no more than five public company boards. Directors are required to notify the Chair of the Board and the Chair of the Governance and Nominating Committee of any opportunity to join another board prior to accepting any invitation.

Board Structure

Role of the Chair of the Board

David LeGresley, the Chair of the Board, is an independent Director. The Chair of the Board presides over all Board and shareholder meetings, and oversees the work of the Board Committees. In carrying out his duties, the Chair of the Board:

- provides leadership to the Board to ensure effective functioning of the Board;
- advises the CEO on major issues and serves as a liaison between the Board and senior management;
- participates in the recruitment and orientation of new directors;
- together with the Governance and Nominating Committee, conducts the Board's annual evaluation process;
- assists the HR Committee in monitoring and evaluating the performance of the CEO;
- regularly attends Board Committee meetings in a non-voting capacity;
- interacts with Directors and senior management throughout the year; and
- meets with regulators, shareholders and other stakeholders on behalf of the Board.

The mandate of the Chair of the Board is available on our website at www.equitablebank.ca.

Role of the Board

The Board's role is to set Equitable's strategic direction, oversee its management, risk management and operations, ensure compliance with legislation and regulations, and ensure its ongoing financial strength. The Board is also responsible for ensuring that principled and ethical corporate conduct is observed through appropriate governance and internal controls, and for ensuring the promotion of a strong corporate culture.

Specific responsibilities of the Board are set out in its mandate which is attached to this circular.

Strategic Planning

The Board oversees Equitable's strategic planning process, ensuring alignment with Equitable's risk appetite, and annually approves the strategic plan, which takes into account the opportunities and risks of the businesses. The Board also approves the annual financial plan, specific requests for major capital expenditures, and monitors levels of capital and liquidity and the implementation of strategic initiatives. The Board discusses strategy at each of its regularly scheduled meetings. Management reports regularly on Equitable's operational and financial performance.

The Board holds two meetings each year dedicated to strategy – one focused on long-term strategic planning and the other to review and approve the annual business and financial plan.

Risk Management

The Board is responsible for overseeing the identification and monitoring of the core risks to which Equitable is exposed and for satisfying itself that appropriate policies, procedures and practices are in place to effectively identify, monitor and manage them within our Risk Appetite Framework. The Board delegates responsibility for the execution of certain areas of risk oversight to its Committees in order to ensure that they are treated with appropriate expertise, attention and diligence, with reporting to the Board in the ordinary course.

Our Enterprise Risk Management Framework is designed to enhance the identification and mitigation of risk across the organization, and to assist the Board and the Risk & Capital Committee with their oversight responsibility for risk management.

The Board devotes significant time and attention to systems protection, including cybersecurity and information security risk. The Board oversees management's approach to staffing, processes, and practices to effectively gauge and address this risk. The Risk and Capital Committee receives regular presentations and reports throughout the year that address a broad range of topics, including technology trends, regulatory developments, the threat environment and vulnerability assessments, and specific and ongoing efforts to prevent, detect, and respond to internal and external threats. At least twice each year, the Board discusses cybersecurity and information security risks with the Chief Information Officer.

Each Committee assists the Board in its oversight of risk, as follows:

Audit Committee	<ul style="list-style-type: none"> • oversees the quality and integrity of our financial reporting processes to mitigate our exposure to financial risk. • oversees the quality and effectiveness of our internal controls and the independence of the internal audit function. • oversees the qualifications, independence and performance of the external auditors.
Governance and Nominating Committee	<ul style="list-style-type: none"> • oversees compliance with legal and regulatory requirements, governance policies and practices, and board succession. • oversees the independence of the Compliance function.
Human Resources and Compensation Committee	<ul style="list-style-type: none"> • oversees material risks associated with compensation programs, talent retention, and succession planning risk to the senior executive team.
Risk and Capital Committee	<ul style="list-style-type: none"> • oversees the Bank’s core and emerging risks and implementation of controls to manage risks. • promotes a strong risk culture. • reviews the risk impact of our strategic plan and new business initiatives. • reviews the Bank’s risk profile against the approved risk appetite and has primary oversight for operational risk, business and strategic risk and reputational risk. • oversees the risk function and adherence to risk management policies.

See the “Risk Management” section starting on page 50 of our 2019 MD&A for a description of our core risks and the structures and processes in place to manage them.

Succession Planning

Succession planning for the CEO as well as the selection and appointment of the senior management team are key responsibilities of the Board.

The Board and the HR Committee are responsible for ensuring there is an orderly succession plan for the CEO and that the CEO has an emergency succession planning process in place for other key executive roles, such as the CFO, CRO and VP, Internal Audit. This includes a succession plan that would respond to an emergency situation which requires an immediate replacement of the incumbent President and CEO and key Executive Officers.

Annually, the HR Committee reviews the strengths, leadership skills, experience, tenure and development opportunities of potential internal candidates for the CEO position with the CEO and the SVP of Human Resources. During these discussions, the HR Committee may recommend additional development opportunities, mentorship and enhanced responsibilities to accelerate candidates’ growth. The HR Committee reports to the Board on these matters. In addition to the annual review, the HR Committee discusses talent management and succession in the context of performance reviews used to determine executive compensation. At its July meeting, the HR Committee reviewed and confirmed its support for Equitable’s succession and development plans for its senior executive positions. The HR Committee also met *in camera* to discuss CEO succession. In February 2020, the Board engaged in a comprehensive review of the proposed internal candidates for the CEO position.

The HR Committee reviews changes to our organizational structure and its impact on executive roles. The Board encourages the CEO to provide opportunities for the Board to interact with Equitable’s Executive Officers and high potential employees, including through presentations made at Board and Committee meetings, education sessions and at social events, both for succession planning and leadership development purposes and to provide the Board with a broader perspective and context on issues relevant to Equitable.

Internal Controls

The Board oversees, and monitors the integrity and effectiveness of, Equitable's internal controls and management information systems. The Board also oversees compliance with applicable audit, accounting and regulatory reporting requirements and approves the quarterly and annual consolidated financial statements.

The Audit Committee oversees the Internal Audit function by reviewing the plans and activities, and performance of Internal Audit.

Communication and Shareholder Engagement

We have a Disclosure Control Policy that establishes guidelines for communicating with our shareholders, analysts, and the public generally. The policy includes measures to avoid selective disclosure of material information, identifies designated Equitable spokespersons and establishes internal review processes for key public communications. Our Code of Conduct addresses Equitable's obligations for continuous and timely disclosure of material information and sets standards requiring Directors, officers and employees trading Equitable shares to comply with applicable laws.

Equitable's disclosure controls and procedures are designed to ensure that material information concerning Equitable is made known to our CEO and CFO. We also have a Disclosure Control Committee whose members are the CEO, CFO and CRO, and the Vice-President and General Counsel. This Committee, which is chaired by the CFO, reviews all annual and quarterly filings and oversees the timely public release of material information about Equitable. The Committee also reviews the design and implementation of procedures to support the financial reporting process and the certification of our financial reports by the CEO and CFO.

The table below outlines the key contacts and methods that shareholders can use to engage with Equitable and access important information:

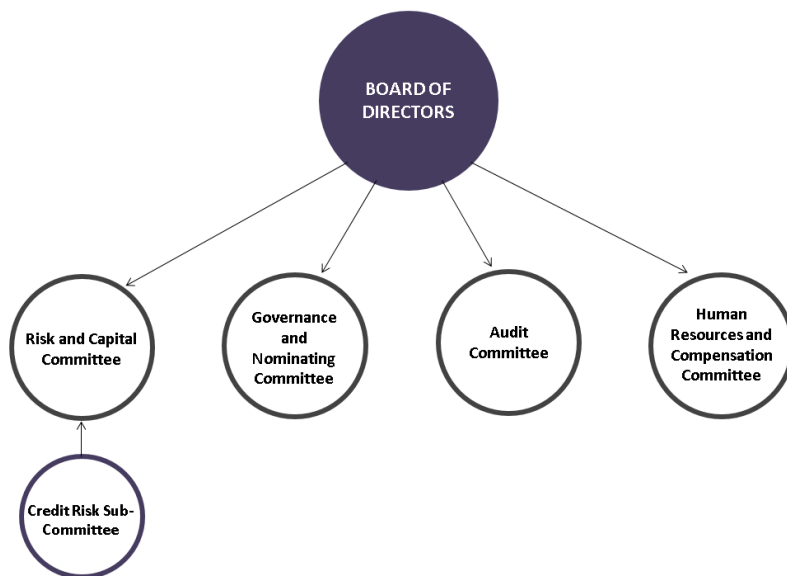

Board of Directors	Shareholders can: <ul style="list-style-type: none">• communicate with the independent Directors as on the back of this circular• write to the Chair of the Board at the address on the back of this circular
Meetings, calls and discussions	The CEO and CFO meet regularly with financial analysts, the investment community and/or institutional and retail investors, providing an opportunity for constructive dialogue on various topics including operations, strategy and governance.
Broker-sponsored conferences	The CEO and CFO speak at industry investor conferences about public information on our business and operations.
News releases	Equitable issues news releases to the media throughout the year to report any major changes or developments in its business
Conferences and presentations	Throughout 2019, senior management attended various conferences and presentations to present on a wide array of topics, such as technology and open banking
Quarterly conference calls and webcast	The CEO and CFO hold quarterly earnings calls with the investment community to review our most recently released financial and operating results. The calls are broadcast live and, for a period of 3 months after each call, are archived on our website in the Investor Relations section at www.equitablebank.ca . Shareholders can also access comprehensive information, including on dividends, through the Investors section of our website.

We also periodically engage in dialogue with proxy advisory firms regarding Equitable's governance practices.

Board Committees

Four standing Committees helps the Board carry out its duties and responsibilities:

- Audit Committee
- Governance and Nominating Committee
- Human Resources and Compensation Committee
- Risk and Capital Committee

From time to time the Board may establish Special Committees on an *ad hoc* basis. In late 2018 the Board established a Special Committee of non-executive Directors to consider Equitable’s strategic direction and other related matters. The Special Committee was dissolved on April 4, 2019.

The Governance and Nominating Committee annually reviews the composition of each Board Committee and the designated Committee Chairs together with the Chair of the Board. Rotation of Committee members is based on continuity, balance, the need for fresh perspective, and the utilization of each Director’s particular experience and expertise. Each Board Committee is 100% independent and each Director serves on a minimum of two Committees. The Chair of the Board regularly attends all Committee meetings in a non-voting capacity.

Each Board Committee reviews its mandate annually and any changes are recommended for approval by the Board. At each regularly scheduled Board meeting, each Committee Chair reports to the Board on material matters considered by the Committee.

Each Board Committee uses an annual work plan to guide its deliberations during the course of the year. The mandate of each Committee and its annual work plan is approved by each Committee on an annual basis. Finally, each Committee has the authority to retain external advisors at Equitable’s expense in connection with its responsibilities. The HR Committee retained Meridian Compensation Partners LLC (Meridian) in 2019 as its independent external executive compensation consultant. A description of Meridian’s work for the HR Committee is on page 46.

Mandates of the Board and each Board committee as well as position descriptions for the Board Chair, a Committee Chair and directors are posted in the corporate governance section of our website.

Committee Chairs

Each Committee Chair is a non-executive Director with the requisite skills and experience necessary to oversee their Committee’s responsibilities.

Current Committee Composition

Each Board Committee is composed entirely of non-executive Directors:

1. Susan Ericksen was appointed to the Human Resources & Compensation Committee effective May 15, 2019.

Ethical Conduct

The Board plays a key role in overseeing our culture, setting the “tone at the top”, and holding management accountable for maintaining high ethical standards and practices which are fundamental to Equitable’s business, assets and reputation. The Board has established standards for the ethical conduct of our business in the Code of Conduct (Code), which applies at all levels of the organization. Together, all Directors, officers and employees are accountable for preserving the Bank’s role as a trusted partner dedicated to service in a safe, fair, honest, respectful and ethical manner. The Code serves as a central guide to connect Equitable’s corporate values to a common understanding of what practices are acceptable and which are not; living these corporate values fosters a positive working environment and is the key to Equitable’s continued success. The Code addresses fundamental topics such as conflicts of interest, confidentiality and protection of corporate information, protection and use of corporate assets, professional conduct and personal integrity, compliance with laws, regulations and other obligations including the reporting of any illegal or unethical behaviour.

All employees and officers, as a condition of employment, and all Directors, upon joining the Board, acknowledge in writing that they have read, understand and agree to comply with the Code. They are also required to review and attest that they have complied with it annually. For the year ended December 31, 2019, the CEO and all members of the Board confirmed in writing their compliance with the Code. Equitable monitors compliance with the Code and the Chief Compliance Officer reports the results to the Governance and Nominating Committee each year.

Regular reporting on ethics and compliance assists the Board in monitoring adherence with the Code. Although waivers to the Code may be granted in exceptional circumstances with the approval of the Board, in fiscal 2019 there were no such waivers sought or granted.

Equitable has adopted a written code of conduct which is available on our website.

Reporting a concern

Equitable also has a Whistleblower Program to help safeguard the integrity of its financial reporting and business activities, support adherence with the Code, and provides assurances to Equitable’s stakeholders in their reliance on the accuracy of our financial reporting.

All officers and employees are encouraged to immediately raise or report any concerns they may have about unethical behaviour, violations of the Code, a breach of any Equitable policy, financial reporting or suspected fraudulent activity, without fear of retaliation.

The Audit Committee receives regular updates on activities relating to the Hotline

The Program provides multiple communication channels:

- calling the confidential, toll-free hotline or going online to make an anonymous and confidential report (both of which are administered by an independent third party).
- raise any concern with one's manager, another manager or Human Resources; and
- call, email or write a letter marked "Confidential – only to be opened by the addressee" to the Chief Compliance Officer and/or the Chair of the Audit Committee.

All credible allegations are investigated internally or by an independent external party, and appropriate action is taken. Significant concerns are raised with the Chair of the Audit Committee.

Avoiding Conflicts

Directors seek to avoid situations where their interests might conflict with their duty to act in Equitable's best interest.

Under the Board's policy relating to Director conflicts of interest, Directors have an ongoing obligation to disclose their business and personal relationships with Equitable and other companies they have relationships with, and to promptly report any additions, deletions or other changes to their information. If the change involves a change in the Director's principal occupation or a directorship, the Director must notify the Chair of the Governance and Nominating Committee and the Chair of the Board who will determine whether the change would be inconsistent with the Director's duties as a member of the Equitable Board. In certain circumstances, the Director's resignation may be required.

If a Director is a party to, or has an interest in any party to, a contract or transaction before the Board, regardless of the materiality of the contract or transaction, the Director must immediately advise the Chair of the Board or the particular Committee chair. The Director's conflict or potential conflict is recorded in the minutes of the meeting and the Director is required to absent himself or herself from the meeting for any material discussions or deliberations concerning the matter. The Director is required to abstain from voting on any resolution in respect of such contract or transaction.

The Corporate Secretary ensures that Directors do not receive Board materials in situations where the subject matter of those materials could involve an actual or potential conflict of interest.

Expectations of our Directors

Each member of the Board is expected to act honestly and in good faith and to exercise business judgment that is in Equitable's best interest. In accordance with the position description for Directors which has been established by the Board, each Director is expected to, among other things:

- ensure personal compliance with Equitable's Code of Conduct and with all policies that apply to Directors
- demonstrate high ethical standards and integrity in their personal and professional dealings
- avoid conflicts of interest
- devote the necessary time and energy to fully assume their responsibilities to Equitable
- develop an understanding of our strategy, business and industry
- participate in continuing education for Directors
- attend at least 75% of all Board and any Committee meetings on which they serve and to come to those meetings fully prepared.

Composition of the Board, Nomination of Directors and Board Succession

The Governance and Nominating Committee is responsible for making recommendations to the Board regarding the size and composition of the Board and its Committees, taking into consideration legal requirements and scheduled Director retirements, and for identifying and considering qualified candidates for nomination to the Board. It reviews the skills and competencies matrix regularly to ensure the Board has the right mix of skills, experience, gender and age.

The Board is required to have a minimum of seven Directors and a maximum of twelve Directors. The exact size of the Board is set by the Board prior to each annual meeting of shareholders on the recommendation of the Governance and Nominating Committee. The Board size may be changed by the Board from time to time between annual meetings.

Skills and Experience

The Governance and Nominating Committee maintains a skills and competencies matrix outlining industry specific expertise, business experience and other skills considered necessary for the Board to carry out its mandate effectively. These areas of expertise are intended to dovetail with the general qualifications and attributes the Committee seeks in all Board members and candidates, such as high personal and professional ethics and integrity, practical wisdom, sound business judgment, and a willingness to devote the required amount of time to carry out the duties and responsibilities of Board service.

The Committee reviews the skills matrix on a regular basis to ensure there is a sufficient range of skills, expertise and experience for the Board to meet its current and future needs, and Equitable's strategic priorities. The table below identifies the skills and experience of our Director nominees:

	Gender	Skills and Competencies										Age			Years on Board

Nominating new candidates

In identifying individuals qualified to become candidates the Committee invites suggestions from other Directors and may also retain an external search firm as necessary. Since 2014, the Committee has engaged an external search firm to assist with the recruitment process. The Governance and Nominating Committee also maintains an evergreen list of potential Directors that have skills which the Board may require in the future.

Candidates are considered based on merit, having regard to the skills, experience, background, personal qualities and knowledge in order to contribute to the broad range of issues with which the Board routinely deals. The Governance and Nominating Committee is committed to ensuring that the Board represents a diverse mix of skills, experience, gender, age and ethnicity, as described in our Board Diversity Policy, and that diverse candidates are included in any director search.

Once potential, qualified candidates are identified, they meet with the Chair of the Board, the Chair of the Governance and Nominating Committee, the CEO and two other members of the Committee to discuss the Board's expectations of Director contribution and commitment, as well as to obtain other relevant information required to evaluate the candidate. The Committee assesses the candidate's integrity and suitability by obtaining references, verifying his or her educational background, conducting background checks, and assessing any independence concerns or disclosure issues. The Committee also takes into consideration possible conflicts, and the candidate's ability to devote sufficient time and commitment as a Director. Upon completion of this process, the Committee will make a recommendation to the Board on the appointment of the candidate as a Director, or as a Director nominee for election by the shareholders.

Nominating existing Directors

In considering whether to recommend an existing Director for re-nomination, the Governance and Nominating Committee reviews the Director's:

- overall performance and continued ability to contribute effectively to the Board and its oversight responsibilities;
- tenure and age;
- attendance at regularly scheduled Board and Committee meetings; and
- compliance with Equitable's Code of Conduct.

Board Diversity

Our Board is composed of qualified professionals who have the requisite financial acumen and risk management experience to fulfill the Board's mandate, serve on its four Committees and supervise management. The current Directors have a broad range of skills, background, experience and knowledge which are highlighted in the *Director Profiles* section.

The Board acknowledges the value of diversity of all kinds in its composition as it believes diversity provides a broader range of perspectives and relevant experience. As well, we aim to have a combination of longer-serving and newer Directors to give us the appropriate mix of experience and fresh perspective.

Five years ago the Board adopted a written Gender Diversity Policy outlining its approach to diversity considerations such as age, experience and ethnicity, and its commitment to a gender diverse Board. The policy provided that, in identifying and recommending Director nominees to the Board, the Governance and Nominating Committee would consider candidates on merit, based on a balance of skills, background, experience and knowledge. The policy also provided an aspirational target to have 30% of the Board's membership represented by women. Since 2013, with the exception of one year, 30% of the Director nominees have been women.

The Governance and Nominating Committee reviews the policy and its aspirational target annually to assess its effectiveness, and recommends any revisions that may be necessary to the Board for approval. At its February 2020 meeting, the Committee recommended and the Board approved revisions to the policy, which included removing the word "Gender" from the name of the policy, emphasizing the Board's approach to diversity is not limited to gender, and to reframe the objective so that both men and women represent at least 30% of the Board's membership. We continue to meet this objective as 33% of our independent Directors standing for re-election at the meeting are women.

Our written board diversity policy is contained within our corporate governance guidelines, available on our website

Diversity and Inclusivity

Equitable is committed to diversity and inclusion; we know that our organization thrives when we honour, nurture and celebrate our employees' diverse experiences and perspectives.

Celebrating diversity is ingrained in our workplace. From our Diversity & Inclusion Committee to our growing list of Employee Resource Groups, to our employee-led cultural celebrations and days of commemoration – Diwali, Pride, Black History Month, National Indigenous Peoples Day and beyond -- our employees' diverse lives and lived experiences help to create the rich fabric of our workplace culture.

As part of our commitment to inclusion, we actively work to identify and remove systemic barriers in the workplace. This intentional lens is applied throughout our organization, from how we recruit staff, through to our employee mentorships and advancement programs. In addition, we regularly seek out innovative partnerships and opportunities to learn from diverse educators, in order to further provide our senior leaders and people managers with inclusion best practices for our staff.

Diversity also makes us better able to serve our multicultural, multilingual and highly diverse customer base. When our customers and business partners interact with Equitable, they are interacting with a workforce that reflects Canadian society generally, which we think gives us a competitive advantage.

Our Executive team includes three women, representing 33% of the entire team. In identifying candidates for senior management roles, professional experience, educational background, skills and knowledge, as well as diversity considerations such as gender, age and ethnicity, are taken into account.

To date, we have not adopted a target for the number of women in executive officer positions. We do, however, regard the representation of women in these positions as an important issue and we are working diligently to achieve more gender diversity at this level. Our talent management program focuses not only on executive positions but on identifying and developing high potential individuals who are not yet in senior leadership roles.

Retirement and Years of Service

The Board has implemented two primary mechanisms of promoting board renewal: a retirement age and an annual evaluation process, each of which is described in detail below. The Board has not established formal director term limits as it believes they hold the disadvantage of losing valued Directors at a time when Equitable most needs their skills and contributions, as well as their knowledge of the history and culture of the Company. Achieving a balance between this institutional memory and renewal through effective succession planning is particularly important in light of the significant and continuing changes in the business that Equitable experiences as it pursues its Challenger Bank strategy.

The Board sets high standards for the performance of all Directors and relies on its rigorous Board evaluation process and regular review of the skills and competencies matrix to ensure each Director continues to contribute meaningfully. Directors are canvassed periodically on their intention to retire from the Board in order to identify impending vacancies as far in advance as possible.

The Board has a mandated retirement age of 72.

Board Evaluation

To support Board succession planning, the Governance and Nominating Committee, with input from the Chair of the Board, oversees the annual evaluation of the Board. The evaluation process assists the Board in:

- assessing its overall performance and measuring the contributions made by the Board as a whole, by each Committee, and each Director
- improving the overall performance of the Board by assisting individual Directors to build on their strengths
- identifying gaps in skills and educational opportunities for the Board and individual Directors in the coming year.

The Governance and Nominating Committee reviews the adequacy of the evaluation process annually, with input from the Chair of the Board, and alternates the focus of the questionnaires over a two to three-year period.

The evaluation consists of questionnaires, peer reviews, and one-on-one meetings between each Director and the Chair of the Board.

The Board questionnaire solicits Directors' views on how well they believe the Board and its Committees, including their chairs, are performing. The questionnaire includes questions on Board processes, culture and dynamics, relationship with management, what was done well and what could be done better, the strategic planning process, Board committee work, and what the Board's priorities should be in the coming year.

The peer review solicits Directors' views of the performance of their colleagues, their contributions and participation in Board discussions and debate, knowledge, experience, demonstration of high ethical standards, independent judgment, communication, and persuasion skills.

The questionnaires include open-ended questions on Board and Committee effectiveness so Directors can elaborate on their responses and give candid feedback and constructive comments.

All questionnaires are completed electronically. The Chair of the Board receives the results of the Board evaluation and discusses the findings and any broad themes with the Board. The results from this evaluation inform the Board's objectives for the following year. The Board's progress in meeting these objectives is monitored by the Governance and Nominating Committee and discussed with the Board as a whole.

The Chair of the Board also receives the results of the peer reviews. The Chair meets individually with each Director to discuss the findings from the peer review, the Board evaluation, and any other issue which either may wish to raise. For those Directors who are a Committee Chair, the Chair of the Board will also discuss their contribution and effectiveness in that position.

The Chair of the Governance and Nominating Committee receives the results of the Board Chair evaluation and provides all feedback received to the Chair of the Board.

In 2019 the Directors completed a comprehensive Board questionnaire only. The findings from this evaluation confirmed that all Directors and Committees, and the Board as a whole effectively fulfilled their responsibilities. In addition, the Board's objectives for 2020 were established.

Orientation

New Directors:

- meet with the Chair of the Board and Chair of the Governance and Nominating Committee to discuss the role of the Board, its Committees, governance, Board dynamics and culture;
- meet with the CEO and other executive officers, including the heads of the control functions to discuss our financial position, our key risks and risk management processes, the regulatory environment, and current issues facing our business;
- are matched with an experienced member of the Board;
- visit the individual business units to observe the business and develop a deeper understanding of the day-to-day operations;
- are encouraged to attend all Board Committee meetings before they are elected or appointed to the Board and during their first year following their election or appointment; and
- receive access to our secure online board portal where they can view our by-laws, Board and Committee mandates, Board policies, Corporate Governance Guidelines, minutes and material from recent Board and Committee meetings, annual reports, our Code of Conduct, Director compensation and share ownership requirements, as well as Equitable's strategic plans and analyst reports.

Continuing Education

Directors must constantly be broadening their knowledge and understanding of Equitable's operations and regulatory framework.

To support them, Directors receive:

- in-depth presentations provided by management on our business segments, regulatory changes and industry developments at Board and Committee meetings
- timely access to comprehensive materials and relevant information prior to each Board and Committee meeting
- presentations by external guest speakers that provide Directors with updates on key topics including emerging industry and regulatory trends, the marketplace, the economic landscape, and other topics of specific interest
- educational materials and updates between Board meetings on matters that affect our business

From time to time Directors also attend forums and conferences convened by our primary banking regulators.

Directors identify their specific education needs in discussions with management, during the annual Board evaluation exercise, and in Board and Committee meetings. Committee Chairs can also determine the education sessions necessary for their members. In addition, Board dinners are scheduled along with regularly scheduled Board meetings to further our governance objectives by strengthening the collegial working relationships among Directors and senior management. These dinner sessions are serve as further opportunities for Board business discussions.

Many of our Directors are members of the Institute of Corporate Directors (ICD) and have access to ICD publications and events designed to foster director education. The Bank is also a member of the Global Risk Institute (GRI) and encourages Directors to participate in their educational programs.

EXECUTIVE COMPENSATION

Letter to Shareholders

To our shareholders,

On behalf of the Human Resources and Compensation Committee and the Board of Directors of Equitable, we are pleased to share an overview of Equitable's approach to executive compensation, and how it aligns with our performance.

In the Compensation Discussion and Analysis section that follows, we share detailed information on our pay-for-performance philosophy, compensation programs, governance practices and compensation for our Named Executive Officers.

As of the record date, Equitable's share price has declined significantly since February, due largely to concerns over the potential implications of the COVID-19 (Coronavirus) outbreak and the Bank of Canada's related actions on interest rates. We want to remind shareholders that the CD&A focuses principally on Equitable's 2019 compensation programs and decisions relative to Equitable's 2019 performance. For example, the NEOs' annual bonus payouts described in the CD&A considered Equitable's financial results and achievement of key strategic initiatives and individual performance in 2019.

Furthermore, the decisions on 2020 target pay actions were also taken in February 2020, before the decline in the capital markets. As described further in the CD&A, the executive compensation program, through the use of equity-based awards, aligns the NEOs' realizable compensation with the performance of our share price.

Our philosophy

Our philosophy for executive compensation is simple – we pay for performance. This philosophy is in line with our corporate growth/challenger bank strategy. We believe that executive compensation should have a direct connection to the actual contribution our Executive Officers make in achieving our corporate objectives.

We are pleased to report that 2019 was a year of strong financial performance with good progress in executing our strategic plan.

Principles and Governance

Our approach to compensation is based on guiding principles that align pay decisions with shareholder interests, while providing incentives and linking rewards to Equitable's longer-term success. We have a strong governance process with an independent HR Committee that in turn engages an independent executive compensation consultant. We carefully review outcomes and may exercise discretion if deemed appropriate.

Equitable is committed to an executive compensation program that aligns with:

- corporate performance
- shareholder interests and long-term value creation
- our risk parameters, culture and values
- comparable financial institutions

Annually the HR Committee actively considers the appropriateness of implementing an advisory vote on executive compensation (Say on Pay). At this time, the Committee feels sufficient feedback is received on the executive compensation framework and will continue to consider Say on Pay in future years.

2019 corporate performance

We delivered on our financial objectives.

2019 was a strong year for the organization, as we worked diligently to achieve our annual objectives, and make progress towards our longer-term business strategy. In 2019, we:

- capped off the decade by delivering a 10-year cumulative TSR of 500%, the highest among all Canadian banks on the S&P/TSX Composite Index;
- produced an ROE of 15.9%, adjusted for certain mark-to-market losses (15.5% unadjusted);
- realized the benefits of our branchless operating model, registering an industry-leading Efficiency Ratio of just 40.2%, even while investing heavily in strategic initiatives;
- reported a CET1 Ratio of 13.6%, which remained ahead of most competitive benchmarks and above the middle of our target range;
- joined the S&P/TSX Composite Index on September 23, 2019;
- grew EQ Bank deposit balances to \$2.7 billion, an increase of 22%;
- expanded the EQ Bank customer base by 24,500 or 35% to over 95,000;
- launched an international money transfer service that is up to 8 times cheaper, and is faster and more convenient than those offered by our peer banks;
- enhanced customer experience through website modernization and an upgrade of onboarding, mobile, and web functionality;
- successfully completed the migration of our *EQ Bank* platform and other applications to the cloud in Q4 2019;
- grew both our Retail and Commercial loan portfolios by 13%;
- expanded our equipment lease portfolio by \$58 million since acquiring Bennington and have seen demand build for its higher quality lease offerings;
- further diversified through our leasing, reverse mortgage, Cash Surrender Value (CSV) and specialized finance businesses;
- continued to improve reverse mortgage and CSV line of credit product awareness while refining our offerings in response to market feedback;
- launched the Equitable Bank Reverse Mortgage product in Québec in May 2019, which is part of our broader strategy to build a competitive decumulation business;
- doubled the number of distribution partners for our CSV lending products as we launched partnerships with BMO Insurance, Empire Life, and iA Financial Group;
- introduced Equitable Trust term deposits to the broker channel;
- achieved an almost three-fold increase in deposits from strategic partnerships;
- successfully raised \$350 million through two deposit note issuances with high investor demand and on average 16 bps tightened spreads;
- developed a US\$ High Interest Savings Account (HISA) product for the broker market and subsequently launched it in January 2020;
- began to develop our Covered Bond Program with a goal of a 2020 launch;
- committed to increasing our dividend by 20% to 25% per year through 2024;
- submitted our Advanced Internal Ratings-Based (AIRB) implementation plan to OSFI and continued to progress the overall initiative;
- reduced the size of our secured backstop funding facility to \$400 million and renewed it for a 2-year period at reduced costs; and
- received DBRS' annual rating confirmation, which was held at 'BBB' but with the trend improving to Positive from Stable.

2019 key compensation decisions

The HR Committee and the Board considered corporate financial and individual performance for 2019 compensation decisions, as well as relevant experience, internal equity, and competitiveness against the external market when setting both target and actual compensation levels.

As described further on page 56, the HR Committee approved an overall corporate score of 1.27 for the 2019 STI awards; this score was a determinant of STI opportunities for all employees, including the CEO and Executive Officers.

CEO Compensation

After conducting a review, the HR Committee and the Board changed Mr. Moor's total direct compensation by increasing his LTI target for 2020 by 5 percentage points to 165% of his base salary. Given Equitable's 2019 performance, which saw a 22% increase in EPS and 7.5% improvement in ROE over 2018, Mr. Moor's total direct compensation (the sum of his base salary, his STI payout, and the grant-date value of his LTI awards) was \$2,956,250, which represented a 5.6% increase over his 2018 total direct compensation. His pay is consistent with Equitable's pay-for-performance philosophy and reflects Equitable's solid financial and operating performance under his leadership.

Equitable's 10-year TSR is **500%**, above the S&P/TSX Capped Financials Index at 162% and the S&P/TSX Composite Index at 95% over the same timeframe

A significant portion of the CEO's total direct compensation is conditional on Equitable's financial and share price performance, as shown on page 53. For 2019, over 76% of the CEO's total direct compensation is contingent upon this performance - approximately 40% was provided in long-term incentives.

If you have any comments or questions related to our approach to executive compensation, please provide them in writing to the Chair of the Board at corporatesecretary@eqbank.ca.

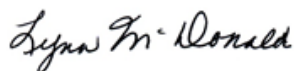

The Board and HR Committee remain committed to a pay-for-performance philosophy and continue to assess the executive compensation framework regularly to ensure alignment with Equitable's short- and long-term business strategy, and risk parameters.

Looking ahead

The collective strength of our executive team and our dedicated employees is focused on producing strong results and executing our strategy to consistently deliver shareholder value.

We continually monitor market trends and best practices to ensure our compensation program remains aligned with your expectations and our pay-for-performance philosophy.

Your Board, with the support of the HR Committee, is committed to ensuring that our executive compensation continues to support our shareholders' interests and our future success as Canada's Challenger Bank™.

COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion of our executive compensation program. It includes information relating to our philosophy and our approach to executive compensation, the methodologies and market research we use in determining compensation, and the actual compensation paid to Equitable executives for 2019.

Our Named Executive Officers for 2019

Andrew Moor

President and Chief Executive Officer

Tim Wilson

Senior Vice-President and Chief Financial Officer

Ron Tratch

Senior Vice-President and Chief Risk Officer

Dan Dickinson

Senior Vice-President and Chief Information Officer

Darren Lorimer

Senior Vice-President, Commercial Lending

Compensation Philosophy & Principles

Equitable fosters a “pay-for-performance” philosophy. We establish a clear and direct linkage between compensation and the achievement of corporate and personal objectives by providing an appropriate mix of fixed versus “at-risk” compensation, and immediate versus future income linked to our share price performance.

Guiding Principles

The executive compensation program has been designed based on these guiding principles:

Competitive	Pay-for-performance
<ul style="list-style-type: none"> A competitive compensation program is vital to Equitable’s ability to attract and retain key talent. Executive compensation is regularly compared to compensation of similar positions in the Canadian market and/or Canadian financial services sector The HR Committee considers individual performance, experience, internal equity and retention in its evaluation and decisions 	<ul style="list-style-type: none"> We establish a clear and direct linkage between compensation and both corporate and individual performance A significant portion of an Executive’s total compensation is variable and “at risk” and is provided through incentives tied to Equitable’s success The variable portion reflects the level / nature of the position, generally increasing with seniority
Effective risk management	Aligned with shareholder interests
<ul style="list-style-type: none"> The HR Committee ensures that plan design does not create an incentive for risk-taking outside of the Bank’s Risk Appetite Framework, and reviews each plan regularly to ensure the plans are operating as intended and are aligned with the FSB Principles 	<ul style="list-style-type: none"> A significant portion of the NEOs’ total direct compensation is contingent upon Equitable’s financial and operational results, and/or on TSR performance We align our incentive plans with performance over short- and mid- to long-term periods with the aim of ensuring our short-term actions lead to long-term increases in shareholder value

Compensation Governance and Oversight

The Board oversees the work of the HR Committee, the responsibilities of which include reviewing and approving the compensation arrangements of Equitable's Executive Officers, and recommending their respective LTI awards for Board approval, as well as reviewing and recommending the compensation of the CEO to the Board for approval. See page 38 for information about the Committee and its activities during the past year.

Four independent directors serve on the Committee, and the average tenure is 4 years.

HR Committee	Committee member since
Lynn McDonald (Chair since 2014)	2011
Michael Emory	2015
Susan Ericksen	2019
Michael Stramaglia	2015

Qualified Directors

To make sure the Committee has the expertise it needs to carry out its mandate, Committee members are required to have a thorough understanding of issues related to human resources, leadership, talent management, compensation, governance, and risk management. All members have gained experience serving as senior leaders in large organizations.

Additional information about the Committee members can be found in "Director Profiles" section of this circular. Committee members also sit on other Board Committees which helps the HR Committee make more informed decisions on the alignment of compensation policies and practices with sound risk management principles and practices.

Compensation Governance

The HR Committee has implemented a number of compensation governance practices which we believe are consistent with best practices, support our business objectives and align with shareholder interests.

✓ Our HR Committee is composed entirely of independent Directors
✓ Compensation is aligned with both individual and corporate performance over the short, medium and long-term
✓ Share ownership requirements are in place for our Executive Officers
✓ Significant percentage of "at risk" compensation
✓ Compensation is linked directly to our strategy, using financial and non-financial metrics, and absolute and relative performance metrics
✓ External independent advice
✓ Executives are not permitted to use hedging to undermine the risk alignment in our compensation plans
✓ Assess / review risk and compliance accountabilities
✓ Capped incentive opportunities
✓ CRO attestation on alignment of executive compensation with the FSB Principles and sound risk management principles and practices
✓ Clawback policy - awards will be clawed back or reduced where there is a material misstatement of our financial results
✓ No guaranteed, multi-year bonuses
✓ No repeat performance measures across incentive plans
✓ No option re-pricing
✓ Benchmark executive officer target pay against a relevant comparator group
✓ No single trigger voluntary change of control termination provisions in new executive contracts

The HR Committee works with management and with the executive compensation consultant to get an independent view of best practices, Equitable’s executive compensation program, and compensation decisions. The Committee takes into consideration the information and recommendations the executive compensation consultant provides, but also considers other factors and is ultimately responsible for its own decisions.

Independent advice

The HR Committee benefits from the advice of an external independent compensation consultant with deep expertise in the area of executive compensation and related corporate governance matters. From 2009 to May 2019, the HR Committee retained Willis Towers Watson for this purpose. In keeping with best practices in corporate governance, which supports periodic change, the HR Committee commenced a process to review the compensation consultant engagement. Following a comprehensive search, Meridian Compensation Partners Inc. (Meridian), an independent executive compensation advisory firm that works with a wide range of public and private companies across all sizes and industry sectors as well as financial institutions, was engaged as the HR Committee’s independent consultant. Meridian has no ties to members of the HR Committee or Equitable’s Executive Officers that could jeopardize its independence, and maintains policies and procedures designed to prevent conflicts of interest.

Both Meridian and Willis Towers Watson provided independent compensation advice on meeting content, management’s recommendations, governance trends and other items requested by the HR Committee in 2019 which are noted below:

- reviewing the market competitiveness of CEO compensation and the compensation for other Executive Officers
- providing updates on executive compensation practices, governance and regulatory trends

The Chair of the HR Committee meets privately with the independent compensation consultant before meetings where compensation is discussed. In addition, the HR Committee meets with Meridian without management present at every meeting where compensation is reviewed.

Each year Meridian will provide a letter to the HR Committee confirming its independence and affirming that no advisor at Meridian has any business, professional or commercial relationship with Equitable or any Executive Officer that would impair its independence. The HR Committee will review Meridian’s performance at least annually and has the authority to retain and terminate its independent compensation consultant.

The total fees that Equitable paid to each of Meridian and Willis Towers Watson for their respective services over the past two years are as follows:

Compensation decision-making process

Compensation risk management practices

Effective risk management is critical to our success and the achievement of our business objectives. Our compensation program is designed to implement our compensation philosophy of motivating our Executive Officers to achieve our business objectives in the short term and to grow our business to create long-term shareholder value for our stockholders. As part of our annual review of our compensation plans, policies and practices, we conduct a risk assessment to ensure that such plans, policies and practices are not encouraging undue risk taking. In addition, we utilize a mix of performance measures, so that undue emphasis is not placed on one particular measure, and employ different types of compensation to provide value over the short and long-term.

The Board regularly reviews the program to ensure its effectiveness. The core risks faced by Equitable are described on pages 50 through 65 of our MD&A for the year ended December 31, 2019.

Equitable seeks to align pay with our business strategy to drive performance, reward prudent management of a financial institution and protection of depositors, maximize long-term shareholder return, and attract and retain key talent, while considering risk appetite.

The performance goals for all employees, including Executive Officers, must incorporate the following:

- understand our risk and compliance management frameworks, policies, guidelines and practices
- ensure all decisions take into account risk / compliance management considerations and adhere to the appropriate related policies
- positively promote an effective risk and compliance management culture in all daily operations and decisions
- proactively approach compliance management and anticipate changes to compliance regulations
- demonstrate awareness of risks and manage responsibilities in a manner consistent with Equitable's Risk Appetite Framework

Clawback Policy

Since 2013, Equitable has had a clawback policy that allows Equitable to recover or cancel certain incentive compensation awarded to the CEO, CFO and CRO in circumstances where:

1. there has been a material misrepresentation or material error resulting in the restatement of Equitable's financial statements, and
2. in the opinion of the independent directors, the obligation to restate the financial statements was due, in whole or in part, to intentional fraud or willful misconduct by the Executive.

In the circumstances described above, the Board would review all incentive compensation paid or awarded to the executive that is attributable to performance during the time period restated. From this review, the Board may require the Executive to repay all or part of the annual cash bonus and all equity-based compensation awarded to the Executive in the past 12 months, in excess of the amount that would have been received under the restated financial statements, and reduce or eliminate:

- unvested RSUs, PSUs and stock options
- vested but unexercised options
- the RSU and/or PSU award payout based on information that it would have had a negative impact on the size of the award when it was awarded.

Equitable has not had to claw back any compensation under this policy since it was implemented.

Anti-Hedging

Under Equitable's trading policies, all employees and Directors are prohibited from:

- entering into any transaction that is designed to, or has the effect of, hedging or offsetting a decrease in the market value of awards or EGI securities,
- selling EGI securities they do not own, have not paid for or have the right to own (engaging in a "short sale"),
- trading in put or call options in respect of EGI shares,
- entering into any brokerage arrangements which might result in a sale at a time when the Director is not permitted to trade.

Executive Share Ownership Requirements

Equitable's Executive Officers are expected to achieve and maintain a specific amount of equity in Equitable. A substantial share ownership level assists in aligning Executive interests with those of shareholders. Share ownership requirements vary by level and are based on a multiple of the Executive's base salary. First time appointed Executive Officers have five years to meet the share ownership requirement; upon promotion to a more senior level, the Executive has three years to meet their requirement.

Until February 2020, share ownership requirements only applied to Equitable's top three Executive Officers. On February 24, 2020, on the recommendation of the HR Committee, the Board approved an increase in the share ownership requirement for the CEO, CFO and CRO, and approved a share ownership requirement of one times base salary for all remaining Executive Officers.

Common shares, unvested RSUs and PSUs, and holdings through our Employee Share Purchase Plan all count towards meeting the requirement; stock options do not count. For the purposes of determining compliance with the share ownership requirement, the value of the Executive's holdings is based on the higher of acquisition cost/grant-date value and the market value as at the date of compliance, which is March 15 annually.

Executive Position	Share ownership requirement	Share ownership requirement
	prior to February 24, 2020	as of February 24, 2020
President and CEO	3x base salary	5x base salary
SVP and CFO	1x base salary	2x base salary
SVP and CRO	1x base salary	2x base salary
SVP and CIO	N/A	1x base salary
SVP, CL	N/A	1x base salary

Based on the foregoing, the HR Committee is satisfied that Equitable's Compensation Policy and program does not encourage the undertaking of risks which could have a material adverse effect on Equitable.

Aligning Compensation with the FSB Principles

The FSB Principles were designed to enhance the stability and soundness of financial institutions by protecting them against excessive risk taking. The table below sets out how our compensation program and governance framework align with key elements of the FSB Principles, including how risk management is integrated into our compensation process.

Competitive Benchmarking

Comparator Group

The competitive market for executive talent is drawn from businesses within financial services and broader general industry. It is challenging to determine one specific peer group for purposes of benchmarking NEO compensation given our structure, size and scope as well as the inherent imprecision in comparing roles/responsibilities for a position at Equitable, to those for a specific benchmark match. As such, the HR Committee considers comparator group data holistically in conjunction with other factors when making compensation decisions. The HR Committee also uses compensation survey data, reflecting a broader financial services industry sample, which provides an additional point of validation when making compensation decisions. The benchmarking data, along with other relevant factors such as internal equity, are used to develop a target compensation mix and an aggregate compensation package for each executive position. The HR Committee generally seeks to position NEO compensation within a competitive range of the comparator group median.

Selection of comparator group

The comparator group is made up of Canadian companies within the same industry, across industries, and with which we compete for executive talent (e.g., other large banks but on a position-by-position scope-adjusted basis) are evaluated. The appropriate sample used to assess the competitiveness of pay varies based on role and where talent is recruited and lost. Typically we consider an appropriate range for the size of companies included in our comparator group to be companies with approximately one-half to 2 times Equitable's total revenue.

The comparator group used for 2019 compensation is outlined in the table below. There were no changes from the prior year.

Canadian Comparator group used for benchmarking

Canadian Western Bank	Genworth MI Canada Inc.
The Co-operators Group Ltd.	Home Capital Group Inc.
Economical Mutual Insurance Co.	Laurentian Bank
First National Financial Corp.	

The comparator group reflects the size, scope and business characteristics of Equitable, with the combination of revenue, assets and market capitalization positioned around the median of the peer group. The HR Committee reviews the companies in the comparator group every two years with the executive compensation consultant and management to ensure they continue to reflect Equitable's characteristics.

Secondary Reference

Equitable also reviews compensation survey data reflecting a broader financial services industry sample. This information provides an additional point of validation when making compensation decisions.

In 2019, Meridian conducted a detailed compensation review for Equitable's Executive Officers, including each component of target total compensation. The review concluded that Equitable's executive compensation program structure and pay levels were generally aligned with peers and market practice, and with sound compensation principles. There were certain recommended adjustments on select pay elements for 2020 to address changes in job scope, individual performance and positioning relative to market data. These changes are described further under "Elements of Executive Compensation" on the following pages.

Elements of Executive Compensation

Equitable's compensation program is designed to support Equitable's strategy, pay our Executives for performance and be competitive with the market.

The program is made up of direct compensation components such as base salary and variable compensation as well as indirect compensation components such as employee benefits that promote the well-being of all employees and their families.

Target total direct compensation is reviewed annually for all Executive Officers. Equitable's philosophy is to set the target compensation generally within a competitive range of the peer or market median, with the opportunity to exceed the median when individual and corporate performance are above expectations. Targets for an individual Executive Officer may be positioned above or below the median to reflect the experience, performance or other factors specific to the Executive or the position.

The table below presents the components of total compensation as well as their respective features and time horizons.

Target Total Direct Compensation Mix

Base Salary

Equitable believes that a competitive base salary is one component of the broader compensation program that is necessary for attracting and retaining qualified Executive Officers. Executive Officer salaries are reviewed annually, with consideration given to the Executive's level of responsibility and scope of the position, competitive market data, internal equity, the Executive's proven capabilities, general market conditions, and individual performance. Annual increases to base salary are generally in line with a range provided to all Equitable employees. Additional increases beyond this percentage may be made to reflect additional responsibilities assigned to the Executive and resulting expanded oversight responsibilities. Executive Officer salaries are benchmarked every two years against data provided by the HR Committee's executive compensation consultant.

In 2019, Meridian provided benchmarking data of executive compensation levels for Executive Officers, including the CEO. Results of the benchmarking analysis indicated that compensation levels for most roles were positioned below the market median. NEO base salaries for 2020 were adjusted as follows:

2020 and 2019 Base Salary Decisions

	2020 (\$)	% Increase (2020 - 2019)	2019 (\$)	% Increase (2019 - 2018)	2018 (\$)

Tim Wilson	413,750	3.0%	401,000	3.0%	390,000
Ron Tratch	351,750	5.0%	335,000	8.1%	310,000
Dan Dickinson	340,000	13.3%	300,000	7.1%	280,000
Darren Lorimer	291,750	3.0%	283,250	3.0%	275,000

Short-Term Incentive Award

The STI award is designed to reward the achievement of business objectives in the short term by providing an annual cash bonus. This element of pay is calculated based on individual and corporate performance.

For NEOs, the target award is based on a percentage of the Executive's base salary and increases with the Executive's seniority. The actual award in any given year will vary as it is linked to Equitable's financial and operational performance, and the Executive's individual performance in the year.

Corporate Performance

Each year, the Board approves the corporate financial performance measures to be included in the corporate scorecard. It establishes threshold, target and maximum performance levels for each measure to align with payout opportunities. These targets are established in the context of Equitable's business plan and operating environment.

For 2019, corporate financial performance measures were equally weighted:

- Diluted Earnings per Share ("Diluted EPS")
- Return on Equity ("ROE")
- the Bank's Common Equity Tier 1 ("CET1") ratio

These corporate financial performance measures are as described and reported on beginning on page 3 of Equitable's 2019 Management's Discussion and Analysis which is available on SEDAR (www.sedar.com) and on our website (www.equitablebank.ca).

The Corporate Performance Score is determined based on actual results for each financial performance measure and subject to modification by the addition or subtraction of up to 20% based on the HR Committee's year-end assessment of performance against predetermined strategic objectives.

The overall maximum Corporate Performance Score is capped at 1.4x (minimum = 0x), a level that would reflect a score of 1.2x for exceptional corporate financial performance plus an additional 20 points for strategic objectives.

Individual Performance

The HR Committee reviews individual performance targets for the CEO based on the Company's long-term business and strategic initiatives and leadership goals, and recommends them to the Board for approval. The amount of the CEO's STI award may vary between 0 and 150% of the target award, depending on performance relative to Equitable's financial performance metrics and achievement of strategic initiatives and leadership goals. The individual performance objectives for the remaining NEOs are reviewed and approved by the CEO in consultation with each NEO. Objectives vary based on respective roles and responsibilities.

At the end of the year, the CEO summarizes the performance of all direct reports for review and evaluation by the HR Committee. An Individual Performance Score is determined based on an assessment of performance relative to the predetermined objectives.

The maximum Individual Performance Score is capped at 1.3x (minimum = 0), a level that would reflect exceptional individual performance and contributions to Equitable's objectives.

The final STI payout for each employee is then based on a combination of the Corporate Performance Score for the year and the Individual Performance Score. Total final STI payouts are capped at 1.5x target STI even if the maximum possible Corporate Performance and Individual Performance Scores were attained.

The illustration below shows how STI awards are calculated:

Discretion

The HR Committee believes that although financial performance is an important consideration in determining the STI award, strict adherence to mathematical formulas could lead to unintended results. Accordingly, the HR Committee retains the discretion to adjust STI awards based on qualitative considerations, such as extenuating circumstances or unexpected events that may have arisen over the course of the year that are not within management's control and which impacted the Executive's ability to meet or exceed his or her original objectives, any new objectives that were mutually agreed upon during the year, as well as modifications to individual, departmental and/or corporate deliverables. If circumstances warrant, the total amount of the STI award can be adjusted upwards to the maximum or downwards to zero. As a rule, discretion is expected to be exercised infrequently, symmetrically, and only when necessary to recognize exceptional circumstances.

For the 2020 performance period, the HR Committee approved the following increases in the target STI award for all NEOs, excluding the CEO, based on benchmarking analysis provided by the executive compensation consultant:

	2019 Target	2020 Target
President & CEO	100%	100%
CFO	55%	60%
CRO	55%	60%
CIO	40%	50%
SVP, CL	30%	35%

2019 STI Opportunities for NEOs (% of base salary)

	Threshold	Target	Maximum
President & CEO	20%	100%	150%
CFO	11%	55%	82.5%
CRO	11%	55%	82.5%
CIO	5%	40%	60%
SVP, CL	5%	30%	45%

2019 Corporate Performance Scorecard

In February 2019, the HR Committee reviewed and approved performance targets and ranges for each of the annual incentive measures.

In February 2020, the HR Committee reviewed the Company's 2019 financial performance relative to the EPS, ROE and CET1 ratio targets and determined a corporate performance multiplier of 1.27 as follows:

Performance Factor	2019 Target ¹	2019 Actual	Corporate Performance Score
Earnings Per Share	\$11.43	\$11.97	1/3 weight x 1.25 score
Return on Equity	14.6%	15.5%	1/3 weight x 1.25 score
CET1 ratio	≥ 13%	13.6%	1/3 weight x 1.0 score
2019 Total financial performance score			1.17
Strategic Objectives	Not disclosed due to competitive sensitivities	Not disclosed due to competitive sensitivities	+10%
2019 Total Corporate Performance Score			1.27x

- For achieving target performance on EPS and ROE measures, the Corporate Performance Score is equal to 1.1x. For achieving target performance on CET1 ratio, the Corporate Performance Score is 1.0x.

The STI awards for NEOs, with the exception of the CEO, were approved by the HR Committee on February 21, 2020. The STI award for the CEO was approved by the Board on February 24, 2020. All STI awards are shown in the Summary Compensation Table on page 73. Individual performance scores were developed as well - please see the individual NEO profiles that follow for a description of their individual performance.

Long-Term Incentive Awards

Long-term incentive compensation is intended to be forward-looking – it rewards executive officers and other eligible employees for creating sustained performance over a period of three to seven years, and strengthens the alignment between executive officer compensation and the long-term interests of shareholders. The actual amount realized could be greater or less than the grant date amount based on Equitable's financial and share price performance over the next three years, in the case of RSUs and PSUs, and seven years, in the case of options. All LTI awards are granted by the Board on the recommendation of the HR Committee.

LTI compensation consists of RSUs, PSUs and options. It allows Equitable to increase Executives' ownership interest in Equitable and allows Equitable to attract and retain key executives. LTI is administered by the HR Committee which recommends LTI grants for Executive Officers to the Board after considering peer group benchmarking data provided by the HR Committee's executive compensation consultant, the performance and experience of the executive, and the responsibility of the role.

Restricted Share Unit Awards

RSUs align Executives' and shareholder interests in share return growth. Time vesting supports the retention of Executive Officers to better enable Equitable to execute its long-term strategy.

Each RSU represents one notional common share and earns notional dividends, which are re-invested into additional RSUs when cash dividends are paid on EGI's common shares.

The number of RSUs granted is determined on the grant date by dividing the target award value (based on a percentage of base salary) by the five-day weighted average trading price of an EGI common share prior to the grant date.

RSU Vesting and Payout

RSUs vest on December 15 of the third calendar year following the calendar year for which the RSUs were awarded ("cliff vest"). The amount received depends on the number of units that vest (including the initial grant and additional RSUs acquired as dividend equivalents) and our share price at the time of vesting:

- vested units are converted to cash using the volume-weighted average trading price of our common shares on the TSX for the five consecutive trading days immediately prior to the vesting date.
- payments are made by December 31 of the year the units vest, and withholding taxes apply. Participants must be employed by Equitable at the time of vesting to receive the cash payment.

Payout of 2017 RSU Awards

The RSUs awarded to the NEOs on February 28, 2017, based on their performance in 2016, vested on December 15, 2019.

The vesting price was the 5-day volume-weighted average of an Equitable common share on the TSX as at December 15, 2019. The payout value of RSUs received by the NEOs, before taxes, in December 2019, was as follows:

	RSUs awarded in 2017 (#)	Number of dividend equivalent received (#)	Total RSUs (#)	Vesting price (\$)	Payout Value of RSUs on vesting (\$)
Andrew Moor	-	-	-	-	-
Tim Wilson	-	-	-	-	-
Ron Tratch	-	-	-	-	-
Dan Dickinson	214	10	224	112.51	25,187
Darren Lorimer	267	12	279	112.51	31,425

Performance Share Units

PSUs align Executives' and shareholder interests by linking share price growth over a period of time. Each PSU represents one notional common share and earns notional dividends, which are re-invested into additional PSUs when cash dividends are paid on EGI's common shares.

The number of PSUs granted is determined on the grant date by dividing the target award value (based on a percentage of base salary) by the five-day weighted average trading price of an EGI common share prior to the grant date.

PSU Vesting and Payout

PSUs vest on December 15 at the end of the three-year performance period based on our performance. The final payout value is tied to the number of PSUs that vested and our share price at the time of vesting.

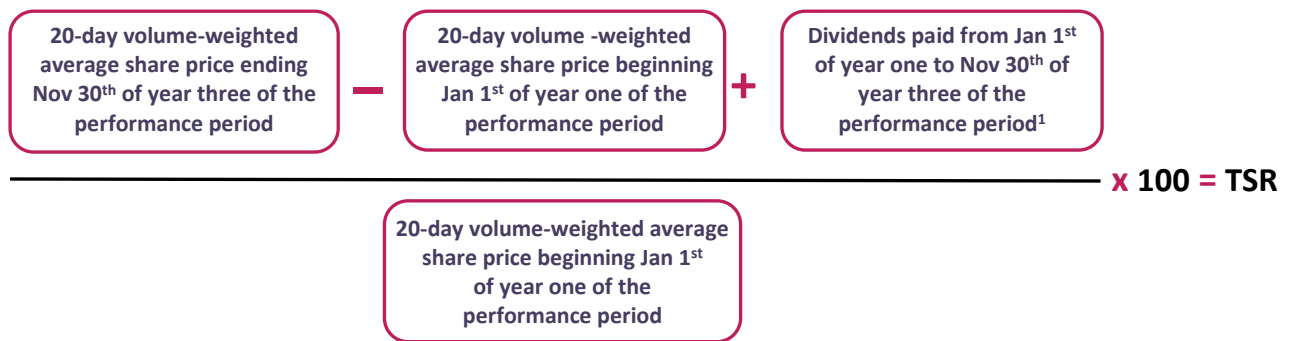

At the end of the performance period for each respective grant of PSUs, a performance multiplier (“payout adjustment factor) is applied to the number of PSUs outstanding on the vesting date such that the total payout value may be greater or less than the value of an equal number of EGI common shares. The value of each common share underlying each PSU held on the vesting date is based on the volume-weighted average trading price of our common shares on the TSX for the five consecutive trading days immediately prior to the vesting date. Payments are made by December 31st of the year the PSUs vest, and withholding taxes apply.

Where TSR is negative, the payout adjustment factor is automatically reduced to threshold (75%)

How we calculate TSR and the Payout Adjustment Factor

TSR is calculated using the formula set out below. Equitable’s TSR is then ranked against that of its Performance Peers, determining the Payout Adjustment Factor to be used in PSU payout calculation.

1. Reinvested at time of receipt.

The peer group for determining TSR for purposes of calculating the PSU payout adjustment factor is as follows:

Performance Peer Group

Bank of Montreal
 Canadian Imperial Bank of Commerce
 Canadian Western Bank
 Genworth MI Canada Inc.
 Home Capital Group Inc.
 Laurentian Bank
 National Bank of Canada
 Royal Bank of Canada
 The Bank of Nova Scotia
 The Toronto-Dominion Bank

Payout of 2017 PSU Awards

The PSUs awarded to the NEOs on February 28, 2017 vested on December 15, 2019. For these PSUs, the payout value was determined by comparing the TSR of EGI's common shares during the performance period that began on January 1, 2017 and ended on November 30, 2019, against the TSR of the companies in the Performance Peer Group noted above. Equitable's TSR ranked first for the performance period and resulted in a payout adjustment factor of 125%.

The value of PSUs on the vesting date was calculated as the number of PSUs that vested multiplied by 125% multiplied by the vesting date value of \$112.51 (5-day volume-weighted average of an EGI common share on the TSX as at December 15, 2019).

The payout value of PSUs received by the NEOs in December 2019, was as follows:

	PSUs awarded in 2017 (#)	Number of dividend equivalents received (#)	Total PSUs (#)	Vesting price (\$)	Payout Adjustment Factor (%)	Payout value of PSUs on vesting (\$)
Andrew Moor	5,849	269	6,118	112.51	125	860,507

Dan Dickinson	561	561	1,122	102,000	30.0
Darren Lorimer	321	321	642	58,350	20.0

1. The grant date fair value shown for RSU and PSU awards is based on the volume-weighted average trading price of EGI's common shares on the TSX for the five consecutive trading days prior to March 4, 2020 of \$90.96.

2020 Option awards

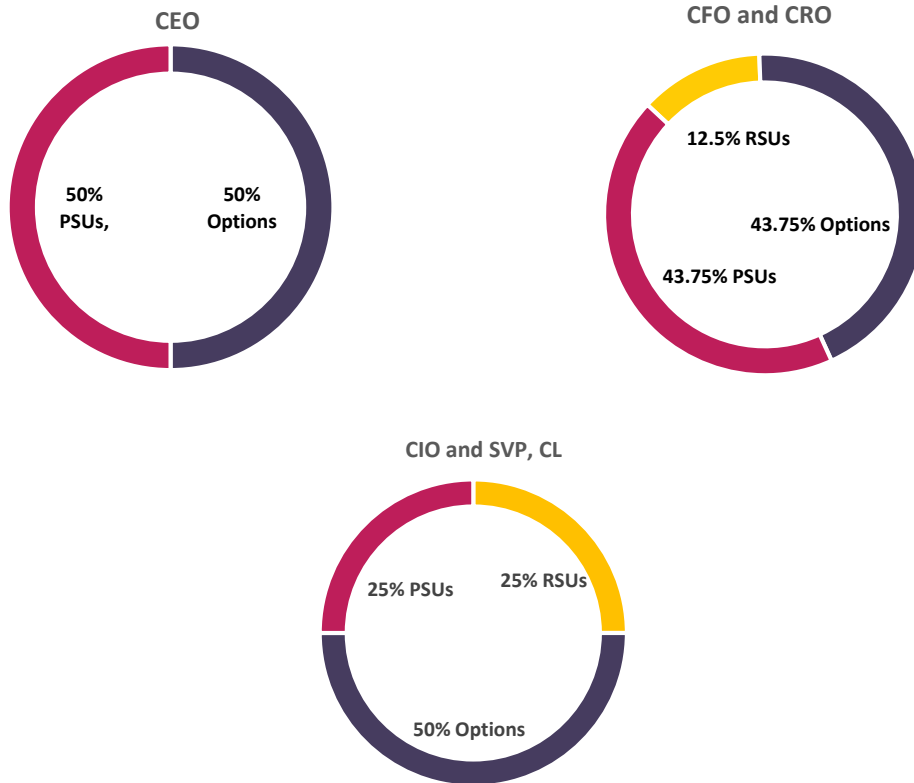

The Option award for each NEO which were granted by the Board on February 24, 2020, with an effective date of the grants being March 4, 2020, is as follows:

	Options Granted ¹ (#)	Grant Date Fair Value ² (\$)	Award (% of 2020 base salary)

1. The number of options granted is determined by dividing the target option award value by the fair value of the Option.
2. The grant date fair value of \$22.96 is calculated based on a Black-Scholes option pricing model, assuming a term of 7 years and vesting over 4 years.

Target LTI mix

For the 2019 compensation decisions, the LTI awards for the NEOs were as follows:

Objectives of LTI:

- Align the interests of management with shareholders
- Enhance ability to attract, motivate and retain key Executives
- Provide opportunity for management to build an economic stake in Equitable

2020 Target LTI awards (% of base salary)

Position	Target
CEO*	165%
CFO	85%
CRO	85%
CIO	50%
SVP CL	40%

*The CEO's LTI awards range from 125% - 175% of base salary, depending on factors considered at time of grant.

The HR Committee considers the following when determining individual awards:

- market competitiveness (based on periodic benchmarking)
- position level of the Executive
- responsibilities associated with position level
- retention considerations
- internal equity

The LTI award is forward-looking, so the HR Committee does not consider the value of awards the Executive Officer received in previous years when it is determining new grants.

Cost of Management Ratio

The following table shows the total aggregate compensation awarded to the NEOs as a percentage of net income in each of the last three years:

	2019	2018	2017
Total Aggregate NEO Compensation	\$6,218,150	\$5,694,544	\$5,142,297
Net Income After Tax	\$206,479,000	\$165,626,000	\$160,617,000
Total Aggregate NEO Compensation as a % of Net Income After Tax	3.01%	3.44%	3.20%

Performance Graph

The following graph illustrates the change in cumulative TSR for \$100 invested in the Company's common shares five years ago on December 31, 2014. The cumulative TSR of the S&P/TSX Composite Index, the S&P/TSX Capped Financials Index, and the Performance Peer Group, is also shown over the same period. It assumes the reinvestment of all dividends and an equal weighting for all companies in the Performance Peer Group.

The graph also includes NEO Total Direct Compensation for the past five years.

Return on Equity	15.5%	14.1%	1.4%
CET1 ratio	13.6%	13.5%	0.1%

Notable highlights of Mr. Moor's performance included:

- achieved the milestone of Equitable Bank's inclusion in the TSX Composite Index
- successfully advanced Equitable's status in the Canadian market as Canada's Challenger Bank™ by providing industry leading perspective on 'open banking'
- advanced the stature of the EQ Bank brand through the migration of certain core platforms to the Cloud and implementing state of the art systems to improve product and service offerings, as well as capitalize on future opportunities in open banking
- in addition to successfully growing Core Single Family Residential and Commercial businesses, led the diversification of Equitable's lending portfolios with the acquisition of Bennington Financial Corp., growth in the Specialized Finance business, and continued refinement of the Reverse Mortgage, and Cash Surrender Value products.

Compensation awarded

The Board sets the CEO's target level and mix of compensation based on the following – the target and actual compensation of CEOs in the comparator group, his performance and experience in the role, and Equitable's overall performance under his leadership. The HR Committee assessed Equitable's financial performance against the three financial performance metrics and his achievement of strategic initiatives and also assessed his achievement against his personal objectives. On this basis, and on the recommendation of the HR Committee, the Board approved an increase in Mr. Moor's target LTI from 160% to 165% of his base salary, and also approved total variable compensation for Mr. Moor of \$2,256,500, reflecting Equitable's strong performance. The Board further approved a 3.6% increase in Mr. Moor's base salary to \$725,000 effective January 1, 2020.

2019 Compensation Awarded Mix

Reported versus realized CEO pay

A significant portion of CEO compensation is conditional on Equitable's financial and share price performance. The following table further demonstrates shareholder alignment of Equitable's compensation program by comparing compensation awarded to Mr. Moor in respect of his performance as CEO to the actual value received as at December 31, 2019.

The actual total direct compensation value includes the realized and realizable value of the awards granted each year as at December 31, 2019:

- realized value: base salary, short-term incentive (earned for performance in the year but paid in the following year) the payout value of PSUs awarded for the period that vested, and gains realized from options exercised;
- realizable value: the value of unvested PSUs and the in-the-money value of unexercised outstanding options.

The table reflects compensation for Mr. Moor for 2015 to 2019 and compares the actual value to the CEO for each \$100 of compensation awarded each year, to the value earned by shareholders over the same period. We have indexed these values at \$100 to provide a meaningful comparison.

- RSUs and PSUs were awarded in March 2020, March 2019, and March 2018 in recognition of the NEO's performance in 2019, 2018, and 2017, respectively. The grant date fair market value (FMV) of the RSUs/PSUs is based on the volume-weighted average trading price of the Company's common share on the TSX for the five days prior to March 4, 2020 of \$90.96, March 11, 2019 of \$67.77, and March 9, 2018 of \$55.66, respectively.
- The Black-Scholes option pricing model is used to determine both the value of stock options for compensation purposes and the accounting fair value.

In February 2020, the assumptions used in determining the number of options to be granted were an exercise price of \$110.45, a stock volatility of 27.183%, a dividend yield of 1.77%, an option term of 4.75 years, and an interest rate of 1.39%. The fair value of each option granted for compensation purposes for performance in 2019 was \$22.96. The accounting fair value of each option granted for performance in 2019 was \$18.91 for Messrs. Moor, Wilson and Tratch, and \$14.18 for Messrs. Dickinson and Lorimer as a result of a 25% forfeiture assumption applied to options granted to non-Senior Management. The exercise price was equal to the FMV on the grant date.

In February 2019, the assumptions used in determining the number of options to be granted were an exercise price of \$67.05, a stock volatility of 27.8%, a dividend yield of 1.8%, an option term of 4.75 years, and an interest rate of 1.79%. The fair value of each option granted for compensation purposes for performance in 2018 was \$14.71. The accounting fair value of each option granted for performance in 2018 was \$14.87 for Messrs. Moor, Wilson and Tratch, and \$11.15 for Messrs. Dickinson and Lorimer as a result of a 25% forfeiture assumption applied to options granted to non-Senior Management. The exercise price was equal to the FMV on the grant date.

In February 2018, the assumptions used in determining the number of options to be granted were an exercise price of \$62.41, a stock volatility of 26.2%, a dividend yield of 1.5%, an option term of 4.75 years, and an interest rate of 2.13%. The fair value of each option granted for compensation purposes for performance in 2017 was \$13.67. The accounting fair value of each option granted for performance in 2017 was \$12.19 for Messrs.

Moor, Wilson and Tratch, and \$9.14 for Messrs. Dickinson and Lorimer as a result of a 25% forfeiture assumption applied to options granted to non-Senior Management. The exercise price was equal to the FMV on the grant date.

3. Reflects the Company's contribution to the NEO's DPSP.
4. The value of perquisites and benefits for each NEO did not exceed \$50,000 and/or 10% of the total annual salary and bonus.

Incentive Plan Awards

Outstanding Option and Share Awards

The following table includes LTI awards granted as at December 31, 2019:

- The value of unexercised in-the-money options equals the closing price of an EGI common share on the TSX on December 31, 2019 (\$109.35) minus the exercise price of the option, multiplied by the number of outstanding options
- The value of unvested RSU and PSU awards on December 31, 2019 equals the closing price of an EGI common share on the TSX on December 31, 2019 (\$109.35) multiplied by the number of units outstanding including dividend equivalents.

Incentive Plan Awards – value vested or earned

The following table shows for each NEO:

- the total value that would have been realized on vesting of options in 2019 if the options had been exercised on the vesting date;
- the value of share-based awards received on vesting in 2019
- the annual incentive compensation awards earned for 2019

Name	2019			2018

Darren Lorimer	90,656	125,000	70,706	18,954	111,000	35,689

1. The value of options that vested in 2019 is based on the difference between the grant price of the options and the closing price of an EGI shares on the TSX on the vesting date (\$112.51).
If the closing price of EGI's shares was below the exercise price, the option had no current value and is valued at \$0.
2. These are the annual cash incentive awards for 2019. The table includes the full amount of the annual cash bonus.
3. The value of share-based awards that vested during 2019 includes dividend equivalents earned on these awards during the period. Share-based awards are valued using a 5-day volume-weighted average of an EGI common share on the TSX calculated as at December 15, 2019 for both RSU and PSU awards. At vesting, PSU awards received by each NEO paid out at 125%, reflecting Equitable's TSR performance over the 35-month period ending November 30, 2019 relative to the TSR performance of the relevant peer group.

Securities Authorized for Issuance under Equity Compensation Plans

Our Option Plan is the only compensation plan that involves the issuance of equity securities.

The following table shows, as at March 15, 2020:

- shares to be issued when outstanding options are exercised;
- the remaining number of shares available for issue under the Option Plan.

The Option Plan has been approved by the shareholders.

Plan Category	Securities to be issued upon exercise of outstanding options (4.0% of outstanding shares as at March 15, 2020)	Weighted-average price of outstanding options (\$)	Securities remaining for future issuance under equity compensation plans ¹ (2.60% of outstanding shares as at March 15, 2020)

Conditions

Maximum term	The Plan provides for a term of ten years. Beginning in 2012, options have been granted for a term of seven years. Should the expiry date occur during a blackout period or within the ten business days immediately following such blackout period imposed by the Company, the expiry date will be extended for 10 business days after the last day of the blackout period.
Exercise price	Volume-weighted average trading price of the common shares for the five consecutive trading days immediately preceding the date of grant
Vesting and exercise of options	Vesting: four year ratable (25% per year commencing on the first anniversary of the grant date) Options must vest before they can be exercised. Options may be exercised in whole or in part before the expiration date set by the Board at the time of the grant.
Expiry of options	The earlier of: (i) The 7 th anniversary of the date of grant, regardless of a participant's retirement date (ii) The original expiry date and two years from date of a participant's death or becoming fully disabled
Financial assistance	In the event of termination with/without cause or resignation, options must be exercised within 30 days. All remaining options are then forfeited. None provided
Transfer/assignment	Not assignable – they can only be transferred to a beneficiary or a legal representative if the participant's dies
Change of control	All unvested options vest and become exercisable
Clawback	All or a portion of vested or unvested options held by any one of the CEO, CFO or CRO may be forfeited or cancelled in the event of a financial restatement resulting from intentional fraud or willful misconduct by the respective Executive Officer
Plan Amendments	Shareholders must approve the following changes: <ul style="list-style-type: none"> • Increase the maximum number or percentage of shares that may be reserved for issuance • Reduce the exercise price of outstanding options or issue options at a lower exercise price to the same person • Extend the term of an option beyond the expiry date (except where an expiry date would have fallen within a blackout period of the Company) • Extend eligibility to participate in the Plan to non-employee directors • Any amendments to the amendment provisions

The Board can make the following amendments without shareholder approval:

- Changes of an administrative or housekeeping nature
 - Changes to the terms, conditions and mechanics of grant, vesting, exercise and early expiry
 - Any amendments designed to comply with applicable laws, tax or accounting regulations
 - Addition of a cashless feature, payable in cash or securities, which provides for a full deduction in the number of underlying securities from the plan's reserve
 - Any other amendment, fundamental or otherwise, not requiring shareholder approval under applicable laws or the rules, regulations and policies of the TSX
-

2019 Option Plan amendments

In 2019 the Board approved the following amendments to the Plan in accordance with the amendment procedures in the Plan:

- increase the maximum number of shares that may be reserved for issuance pursuant to option grants to two million shares. This increase subsequently received shareholder approval on May 15, 2019.
- delegate authority to the CEO to grant options to new senior level hires pursuant to the terms of the individual's employment agreement with the Bank up to a prescribed annual maximum number of options.

Benefits

Equitable provides its Executive Officers and all other employees comprehensive medical, dental, life, disability and accident insurance. Executive Officers also participate in an annual comprehensive fitness and medical assessment program.

Equitable does not have a pension plan for its Executive Officers or employees. All employees, including Executive Officers are eligible to participate in our Group Registered Retirement Savings Plan ("RRSP") and Deferred Profit Sharing Plan ("DPSP") (collectively the "Plan"). Equitable will make a maximum contribution to the DPSP equal in value to the greater of (i) 5.5% of an employee's annual base salary during the first five years of employment, (ii) 8% of the employee's base salary after five years of continued employment, and (iii) the Canada Revenue Agency mandated maximum. Equitable's contributions vest after two years of membership in the DPSP. In the event of termination within the initial two-year period of Plan membership, Equitable's contributions under the DPSP are returned to the Company. Equitable does not provide any additional or supplemental pensions, retirement allowances or similar benefits to any Executive Officer.

All employees, including Executive Officers are also eligible to participate in the Employee Share Purchase Plan ("ESPP") which is generally available to all employees. Under the ESPP, Equitable contributes an amount equivalent to 50% of the employee's contribution up to a maximum of \$2,500 per year.

Termination and Change of Control

Employment agreements in place for all NEOs which set out the details relating to the provision of severance payments upon termination of employment and the consequent obligations of non-competition and non-solicitation. Other obligations arising under various scenarios pursuant to the terms and conditions of the Incentive Plans are described in the table below. Except where stated otherwise, (i) the salaries of each NEO will cease as of the date of termination, and (ii) each NEO is entitled to receive any accrued and outstanding base salary and amounts owing under the Equitable's benefits program, including accrued vacation pay, up to the date of termination.

Termination for Cause

In the event of termination for cause, none of the NEOs are entitled to any further compensation following the date of termination. In addition, any unvested options are cancelled and any vested options are exercisable for 30 days from the date of termination. The RSUs and PSUs held by such NEO would be immediately forfeited and cancelled.

Termination without Cause

2. All unvested options vest and become immediately exercisable upon a change of control. The value of the options is the difference between the closing price of an EGI common share on December 31, 2019 on the TSX (\$109.35) and the exercise price of the options.
3. Other incremental payments do not include payments required under the Company's benefits program as such amounts are not determinable.
4. None of the NEOs were Retirement Eligible as at December 31, 2019.

Compensation of senior managers and other material risk takers

The tables below show the compensation awarded to employees who may have a material impact on Equitable's risk exposure in the last two years in accordance with the Basel Committee on Banking Supervision's Pillar III disclosure requirements for remuneration. This disclosure covers all Vice-Presidents and above.

For the purposes of this disclosure, the Company classified five individuals as “Senior Managers” during 2019. These include the CEO, CFO, CRO, CIO, and CCO. “Other Material Risk Takers” include Senior Vice-Presidents and all Vice-Presidents of the Bank. For the year-ended December 31, 2019, the Company designated 21 individuals as Other Material Risk Takers.

The HR Committee reviews the list of Senior Managers and Other Material Risk Takers to make sure it is complete.

Deferred Compensation

Deferred compensation is comprised of options, PSUs and RSUs. The following tables include deferred compensation that remained outstanding as at December 31, 2019 and 2018 and which had not expired, or been forfeited or cancelled. The table also includes previously deferred compensation that was paid out during 2019 and 2018. There was no clawback of any deferred compensation in either year nor was there any similar reversal or downward re-evaluation of outstanding awards.

Payouts during the year ³	8,373,897	1,769,639	2,401,418	670,262

1. Outstanding vested compensation is comprised of options that were exercisable on December 31, 2019 and December 31, 2018, respectively, but that had not yet been exercised. Each outstanding option is valued at the closing price of an EGI common share on the TSX on December 31, 2019 and December 31, 2018 respectively, less the option's exercise price. The amount outstanding is higher in 2019 as the closing share price at the end of 2019 increased to \$109.35 as compared to \$59.12 at the end of 2018.
2. Outstanding unvested compensation is comprised of outstanding options that were not exercisable on or before December 31, 2019 and December 31, 2018, respectively, in addition to RSUs and PSUs that had not vested by December 31, 2019 and December 31, 2018, respectively. Outstanding options are valued at the closing price of an EGI common share on the TSX as at December 31, 2019 and December 31, 2018 less the exercise price. Outstanding unvested RSUs and PSUs are valued at the volume-weighted average trading price of an EGI common share on the TSX for the five business days prior to December 31, 2019 and December 31, 2018, respectively, in addition to any dividend entitlement earned on such unvested RSUs and PSUs between the date that they were granted and December 31, 2018 and December 31, 2017, respectively. The amount outstanding is higher in 2019 as a result of an increase in share price. The closing share price at the end of 2019 increased to \$109.35 (2018 - \$59.12) and the weighted average share price of RSUs and PSUs increased to \$111.78 (2018 - \$59.33).
3. Payouts during the year include the value of exercised options during the year, in addition to any RSUs and PSUs paid out in 2019 and 2018. For 2019 and 2018, stock option payouts are valued at the sale price of an EGI common share on TSX at the time of the exercise less the exercise price. The value of RSU and PSU payouts is calculated based on the volume-weighted average trading price of an EGI common share on the TSX for each of the five business days up to and including the vesting date, for the vested RSUs and PSUs in addition to any dividend entitlement that was earned on such RSU and PSU between the grant date and the vesting date. The payout for Senior Managers was higher in 2019 as compared to 2018 and the payouts for Other Material Risk Takers were higher in 2019 as compared to 2018.

Indebtedness of Directors and Executive Officers

The table below shows the indebtedness of each individual who is, or was, during the most recently completed fiscal year, a Director or Executive Officer of Equitable, or a Subsidiary, as well as the indebtedness of each Director nominee of Equitable and of each related person of any such Director, Executive Officer or Director nominee. These loans exclude loans repaid in full and routine indebtedness.

1. Equitable does not have a securities purchase program in the normal course. In 2019, Equitable approved a one-time, short-term loan to facilitate the purchase of EGI shares pursuant to an expiring grant of options, on market terms. The loan carried a rate of interest equal to the Equitable Prime Rate + 0.5% with a December 31, 2019 maturity. The loan, including interest, was repaid in its entirety prior to the December 31, 2019 maturity date.

Interest of certain persons in material transactions

There were no material interests, direct or indirect, of any informed person of Equitable, any Director nominee or any associate or affiliate of any informed person or Director nominee in any transaction during 2019 or in any proposed transaction that has or would materially affect Equitable.

Directors' and Officers' Insurance

Equitable has purchased, at its expense, a liability insurance policy for our Directors and officers which expires on May 31, 2020. This insurance covers each of them individually if there are situations where we are not able or permitted to indemnify them. The policy has a \$40 million limit, and a deductible of \$200,000 if the claim is indemnifiable by Equitable. We pay an annual premium of \$220,000.

Directors' Approval

Our Board has approved the content and mailing of this circular.

Michael Mignardi
Vice-President and General Counsel
March 31, 2020

Schedule A: Board of Directors' Mandate

This mandate provides terms of reference for the Board of Directors of Equitable Group Inc. (the "Company") and its wholly-owned subsidiary, Equitable Bank (the "Bank" and collectively "Equitable").

A. ROLE

The Board of Directors (the "Board") is responsible for supervising the management of the business and affairs of Equitable. In carrying out this responsibility the Board has, either directly or through its committees, the duties set out in the mandate.

B. ACCOUNTABILITIES AND RESPONSIBILITIES

Integrity

1. Set and reinforce the "tone at the top" and expect the highest level of personal and professional integrity from the President and Chief Executive Officer ("CEO") and other executive officers, and ensure they foster a culture of integrity, effective risk management and ethical business conduct throughout Equitable.
2. Approve the principles and standards of ethical personal and business conduct in Equitable's Code of Conduct, and ensure there is a continuous, appropriate and effective process for ensuring adherence to the Code.

Strategic Planning, and Capital and Liquidity Oversight

1. Adopt a strategic planning process and approve, on an annual basis, the strategic plan and the short-term and long-term strategic initiatives. In carrying out this responsibility, the Board shall review the alignment of the strategic plan with the Bank's risk appetite, risk profile, emerging trends, capital and liquidity levels, and the competitive and regulatory environment.
2. Oversee the implementation of the strategic plan and monitor senior management's execution against the approved plan and risk appetite framework.
3. Approve the Capital Management Policy, internal capital targets, and the Internal Capital Adequacy Assessment Process.
4. Approve and oversee the implementation of liquidity and funding frameworks and policies.
5. Approve and oversee the operating budgets, and monitor Equitable's actual operating results against the approved budget.
6. Approve any significant capital expenditures beyond previously authorized limits.
7. Declare dividends, and review and approve capital transactions, including share issuances.
8. Review and approve significant initiatives.

Risk Management and Internal Controls

1. Approve and oversee the implementation of Equitable's Risk Appetite Framework (RAF) and risk appetite statements.
2. Oversee Equitable's risk profile and the identification, measurement, monitoring and control of the principal risks to which Equitable is exposed, and satisfy itself that appropriate frameworks, policies, processes and practices are in place to effectively manage and control those risks. Obtain assurances from management that such frameworks and policies are being adhered to.
3. Oversee the promotion of a strong risk culture that stresses effective risk management throughout Equitable.
4. Ensure the Board receives accurate and timely information from senior management in order to effectively perform its duties.
5. Oversee Equitable's crisis management and recovery plans in accordance with applicable law and regulations.
6. Approve lending limits for the Bank, Credit Risk Management Committee, the sub-committee of the Risk and Capital Committee, and the Chief Risk Officer.
7. Approve Equitable's internal control framework.
8. Oversee adherence to applicable regulatory, corporate and legal requirements, and the integrity and effectiveness of Equitable's internal controls, including those for financial and non-financial reporting, management information systems, and receive reports on the effective design of these systems and reasonable assurance that they are operating effectively.
9. Perform such duties, approve certain matters and review reports as may be required under policies approved by the Board.

Oversight of Management

1. Remove or replace the Chief Executive Officer, if required.
2. Approve the selection, appointment, mandate, objectives and compensation of the Chief Executive Officer and monitor progress against those objectives. The mandate shall outline the authority for the Chief Executive Officer to manage Equitable's day-to-day activities within the framework established by the Board, including the power to appoint certain officers.

3. Approve the appointment of executive officers, including the heads of the control functions, and ensure they have the appropriate qualifications and competencies to meet the expectations set by the Board and regulators.
4. Approve and oversee compensation policies and program to ensure alignment with Equitable’s business strategy, values and risk appetite.
5. Advise and counsel the President and Chief Executive Officer.
6. Ensure that an appropriate succession planning process is in place for the Chief Executive Officer and key executive officers.
7. Approve any significant changes to Equitable’s executive organizational structure.
8. Oversee Equitable’s oversight functions having regard to their independence and effectiveness.
9. Establish appropriate processes to periodically assess the assurances provided by management.

Corporate Governance

1. Oversee Equitable’s approach to corporate governance and review and approve Equitable’s corporate governance guidelines annually.
2. Establish appropriate structures, policies and procedures to enable the Board to function independently of management and, at least annually, determine the independence of each Board member.
3. Establish Board committees and their mandates to assist the Board in carrying out its responsibilities, and appoint a Chair for each Committee.
4. Oversee a formal orientation program for new directors and the ongoing education of all directors, and annually assess the performance of the Board, each of its Committees, Board and Committee Chairs and all directors. Periodically consider engaging an independent external advisor to assess or assist the Board in conducting such assessments.
5. Understand, assess and monitor Equitable’s corporate culture and oversee how culture is embedded throughout Equitable and aligned with strategy.
6. Approve the selection, appointment and mandate of the Chair of the Board.
7. Establish expectations and responsibilities of directors to contribute effectively to Board operations.
8. Review and approve the adequacy and form of compensation for the independent directors at least every two years.
9. Oversee the board structure and governance activities of subsidiaries.

Communication and Public Disclosure

1. Approve material changes to Equitable’s disclosure policy, ensuring that it provides for timely, reliable and accurate disclosure to analysts, shareholders, and the general public.
2. Review and approve annual and quarterly financial statements of Equitable and other public disclosure documents that require Board approval.
3. Ensure appropriate disclosure mechanisms, such as Equitable’s management information circular, annual report and the corporate website, provide instructions on how to communicate with the independent directors.

Regulators

1. Consider reports from management, as required, on material regulatory matters and developments in Equitable’s relationship with its regulators.
2. Review the results of Office of the Superintendent of Financial Institutions (“OSFI”) supervisory reviews of the Bank and, meet with OSFI to discuss the results as required, and ensure OSFI is promptly notified of substantive issues affecting Equitable, and oversee that OSFI is provided with prior notice of potential changes to Board membership and senior management.
